ANNUAL REPORT 2017

Growth & Sustainability

GROWTH & SUSTAINABILITY

FAS Finance & Investment Limited has been working together to bring its growth & sustainability for more than a decade to make powerful the industry and national economy. During the last decade, we have observed a remarkable upsurge of concern about the sustainability of economic development over the long run. As a result considerable effort has been invested in the design of an analytical framework that can be used to think about policies that promote sustainable growth. Sustainable growth is the realistically attainable growth that a company could maintain without running into problems. A business that grows too quickly may find it difficult to fund the growth. FFIL built a strong dynamic leadership to face the challenges an ensuring growth & sustainability by the way of profit maximization and moving together to achieve the company's vision.

ABOUT FAS FINANCE & INVESTMENT LIMITED

FAS Finance & Investment Limited (FFIL) is a registered Public Limited Company established in 1997 under the Companies Act. 1994. Primarily, the company received license from Bangladesh Securities & Exchange Commission (BSEC) to act as a Merchant Bank in 1998. Subsequently the FFIL obtained license from Bangladesh Bank in 2001 as a first generation Non-Banking Financial Institution (NBFI) under the Financial Institutions Act. 1993 with the belief of innovation, integration in financial services and creation of best value to the Shareholders. FFIL is sponsored by a group of renowned & dedicated Bangladeshi industrialists and businessmen with the initial paid up capital of Tk. 21.34 million against Authorized Capital of Tk. 500 million. At present the paid up capital stands at Tk. 1290.71 million against Authorized Capital of Tk. 2100 million.

FFIL has been progressively growing over 16 years by providing prompt and high quality services to diverse group of customers within its territory. FFIL is dedicated to broaden the depth and width of its services while maintaining high asset quality. Incessant development and providing financial solutions in Industrial Finance, Transport Finance, Home Loan, SME Finance, Corporate Finance, and other potential sectors are the significant concern of FFIL since its inception. As a part of endeavors to capitalize the competitive advantages through widening the financial services, FFIL also offers factoring loan against receivables, finance to women entrepreneurs, green financing as well as lucrative deposit schemes.

FFIL is a publicly traded Company listed with Dhaka & Chittagong Stock Exchanges, and regulated by Bangladesh Securities and Exchange Commission FFIL maintains the Investor Relations Department to meet up the shareholders' complaints (if any) regarding any inconvenience. In addition to part of Money Market, FFIL is also involved with capital market through its subsidiary as "FAS Capital Management Limited" of the Country. FAS Capital Management Limited, a wholly owned subsidiary Company of FAS Finance & Investment Limited, was incorporated as Private Limited Company in Bangladesh in 2010 under the Companies Act. 1994 and received license from Bangladesh Securities and Exchange Commission in 2012. FAS Capital Management Limited provides issue management, portfolio management, and other allied services with advisory support to the investors as and when required, even any uncalled situation.

BUSINESS PHILOSOPHY

FFIL's business philosophy outlines our Vision, Mission and Strategy along with our Guiding Principles and expectations of leaders. It outlines in a simple way who we are, what we stand for and how we get things done. It's easy for employees to understand and incorporate in their day-to-day work.

Our Vision

Become a market leader by providing innovative, integrated financial services and to create best value to our Shareholders.

Our Mission

Develop the company as an ideal and unique financial institution by providing with excellent financial products and customer services to all our customers- corporate, SME and individuals.

Our Objectives

| □ Be one of the market leaders of the industry. |
|---|
| ☐ Achieve excellence in customer service next to none and superior to all competitors. |
| □ Provide customized financial multi-product financial services to entrepreneurs of different segments of the market. |

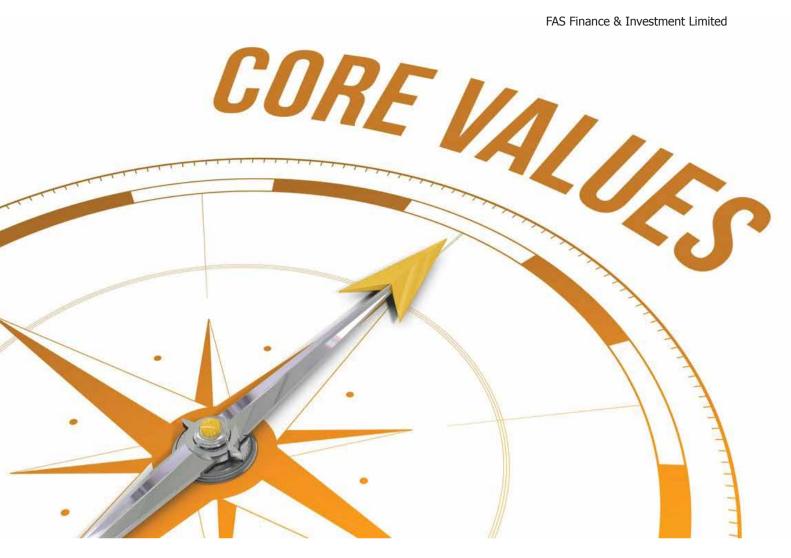

Our Strategy

Based on our vision, we have chosen to give priority to our overall strategic objectives that creates the foundation for strong growth and focuses on continuous value enhancement.

- · Conducting our business with the highest levels of integrity;
- Demonstrating a strong will to win in the marketplace;

☐ Maximize profitability and sustain steady growth.

- · Promoting diversity in the workplace;
- Encouraging under-served and under-penetrated communities with tailor-made products and services;
- Supporting the spirit of teamwork and collaboration;
- Harnessing the power of technology to deliver better customer services.

Core Values

For our Customers:

- * To provide the most courteous and efficient service in every aspect of its business.
- * To be innovative in the development of new products and Services.

For our Employee:

- * By promoting their well-being through attractive remuneration and fringe benefits.
- By promoting good staff morale through proper staff training and development and provision of opportunities for career development.

For our Shareholders:

- * By forging ahead and consolidating its position as a stable and progressive financial institution.
- By generating profits and fair return on their investment.

For our Community:

- * By assuming our role as a socially responsible corporate citizen in a tangible manner.
- * By adhering closely to national policies and objectives thereby contributing towards the progress of the nation.
- By upholding ethical values and best practices constantly seeking to improve performance by aligning our goals with stakeholders' expectations.

CODE OF CONDUCT AND PROFESSIONAL ETHICS

Individuals acting in a professional capacity take on an additional ethical responsibility. For example, professional associations have codes of ethics that prescribe required behavior within the context of a professional practice such as medicine, law, accounting or engineering. These written codes provide rules of conduct and standards of behavior based on the principles of Professional Ethics, which include:

Objectivity and Independence:

The principle of our objectivity imposes the obligation to be impartial, intellectually honest and free of conflicts of interest. Independence precludes relationships that may appear to impair a member's objectivity in rendering attestation services. Our members often serve multiple interests in many different capacities and demonstrate their objectivity in varying circumstances. Members in public practice render attest, tax, and management advisory services. Other members prepare financial statements, perform internal auditing services, and serve in financial and management capacities in industry, education and government. They also educate and train those who aspire to enter into the profession. Regardless of service or capacity, our members are maintaing the integrity of their work, following objectivity and avoid any discrimination of their judgment.

Due diligence / Duty of care:

Our members also have a continuing responsibility to cooperate with each other to improve the art of accounting, maintain the public confidence and carry out the profession's special responsibilities for self-governance. The collective efforts of all members are required to maintain and enhance the traditions of the profession.

Integrity:

To maintain and broaden public confidence, members of our Company perform all professional responsibilities with the highest sense of integrity.

The Public Interest:

The members of our company have accepted the obligation to act in a way that will serve the public interest, honor the public trust and demonstrate commitment to professionalism.

Scope and Nature of Services:

Members of our Company in public practice are observing the Principles of the Code of Professional Conduct in determining the scope and nature of services to be provided.

BUSINESS OPERATIONS OFFAS FINANCE & INVESTMENT LIMITED

FAS Finance & Investment Limited operating business through its several operational wings to provide better services to its clients. The diversified operational wings of FFIL as described under:

Financing and Investment Operation

FAS Finance & Investment Limited always tried to be innovative while making any investment decision with a focus to identify and select emerging sectors for financing and maintaining quality portfolio. As a reflection of its corporate vision, the company always prefers the segmented business proposition which includes corporate, institutional clients and SMEs. SME financing is making a significant contribution to the country's economy but still there is an enormous gap between the sectors need and admittance to funds within reasonable cost. Keeping this in mind, FFIL is offering tailored financial products for the growth of SME sectors. Overall investment was slow due to lack of confidence of entrepreneur throughout the year. On the top of everything, highest priority was given and relentless effort was made to recover loans/lease at utmost level and in which the company performed well.

Diversified portfolio

Major financing activities of the company include ferm finance, lease finance and SME finance.

Lease Finance

Lease financing is one of the major fund based activities of FFIL. The Company offers full payout financial lease for financing capital machinery, equipment and vehicles. FFIL provides services to customers of different segments whice include growing companies, blue-chip companies and SMEs. Though as prudent business model the company has diversified its investment in different business segments in the year 2017.

Term Finance

Term finance continued to be a core product of FFIL. It is both long term and short term in nature. Long-term finance is available for commercial, industrial, SME sectors for a period ranging from 12 to 60 months depending on the business nature and need. To provide liquidity comfort to corporate houses in emergency situation, the short-term finance is made under the different categories i.e. direct finance for working capital, work order finance, finance against term deposits etc. As pointed out by the Central Bank term finance by NBFIs are the alternate source of capital financing for the industrial growth in this Country.

SME Finance

FFIL provides a wide range of SME products to the potential small and medium clients. SME based financial products include lease finance, term finance, working capital finance etc.

House Building Finance

The Company offers House Building loan to corporate customer as well as individuals at different tenure considering the age of the applicant. It is against purchase of flat, construction and renovation of house building.

Fund Arrangement/Syndication

Sometimes financial requirement of customer become so huge that cannot be arranged from internal sources and also due to regulatory restrictions. In such situation required funds are being raised through syndication arrangements with other financial institutions and banks.

Performance in Capital Market

In 2017, the Capital Market of Bangladesh, was more stable than 2016. DSE broad index DSEX started at 5,083.892 point on 1 January, 2017 and closed at 6,244.522 point on December 28, 2017. DSEX increased by almost 22.83 percent throughout the year. DSEX's the lowest point was 5,084 and the highest point was 6,337 which indicates that there was fluctuation of almost 1,253 points. The daily average market turnover was BDT Tk. 874.83 crore in 2017. The market price of share of FAS Finance & Investment Limited was quite stable. The highest price was recorded at BDT 24.30 on November 21, 2017 and lowest one was BDT 13.40 on 30 April 2017. FAS Finance & Investment Limited always works hard to cope up and manage the risk prudently as it holds decades of experience in capital market operations. FAS Finance & Investment Limited offers services in the area of merchant banking and portfolio management through its subsidiary namely FAS Capital Management Limited.

IPO Management

FAS Capital Management Limited (FCML) performs public issue management along with pre-IPO activities, capital structuring and capital raising services for our clients. FAS Capital Management Limited has selected as Trustee of 7 (seven) years non-convertible fully redeemable coupon bearing subordinate bond of BDT 2,000.00 (Two Thousand Million) only issued by International Leasing and Financial Services

(ILFSL). In this regard, Bangladesh Securities and Exchange Commission (BSEC) issued a Trustee Registration Certificate in favor of FCML in 2017. FCML is also acting as trustee of 7 (seven) years non-convertible coupon bearing, unsecured subordinate bond amounting Tk. 100.00 (One Hundred Crore) only issued by Reliance Finance Limited in 2015.

Underwriting

It is one of the core activities of merchant banking operation. FCML has currently underwriting obligation of the following Company:

| Name of the Company | Nature of underwriting | Underwriting amount |
|------------------------------|------------------------|------------------------|
| Silco Pharmaceuticals Ltd. | IPO | 2,62,50,000/- |
| Bashundhara Paper Mills Ltd. | IPO | 5,00,00,000/- |
| AB Bank ltd. | Right issue | 10,00,00,000/- |
| Total | | 17,62,50,000/- |

Private Placement

FCML arranges the private placement of the debt and equity securities for companies. During the period under reporting, FCML has proceeded to raise capital through private placement for number of clients.

Corporate Financial and Advisory Services

FCML offers professional corporate financial services including customized, value added solutions for better corporate performance in terms of prolonged existence and steady growth. Project advisory services include systemic development of an idea into a plan, development of financial structure preparing feasibility report.

Portfolio Management

FCML provides portfolio management services with a margin loan facility to its clients. The transaction of portfolio accounts was made both at the discretion of the customer and the company.

Margin Loan

FAS Finance & Investment Limited provides margin loan facilities through its Subsidiary namely FAS Capital Management Limited to its portfolio customer for purchase of shares and securities. The amount of portfolio loan outstanding as on 31st December 2017 was Tk. 1377.93 million. The above amount represents the aggregate investor's portfolio loan extended to different portfolio customers for purchasing shares listed in the stock exchanges against their deposit. Loans are fully secured by way of lien on share purchased under margin loan account. FAS Capital Management Limited always maintained its loan ratio in very just and reasonable way adjusting with the market situation without taking any excessive risk for both the company and its customers.

Investment in Share and Securities

FAS Finance & Investment Limited maintains its own portfolio for investment in listed companies shares and securities. These are fully diversified with different sector of securities. The investment risk is being minimized through diversification and investing mostly in fundamentally strong securities. In 2017 the company earned 35.20 million in the form of capital gain and dividend.

Deposit Mobilization

FAS Finance & Investment Limited mobilizes term deposits from corporate and individuals through its wide range of deposit schemes with different maturity options, monthly/quarterly/half-yearly/yearly income options, double/triple money options, monthly saving options etc. The deposits base of the Company continued to register a steady growth and stood at BDT 8781.68 million as on 31 December 2017 compared to BDT 8224.27 million of the previous year, registering growth of 6.78 percent. The growth was made due to high standard products and services along with competitive interest rate offered to customers.

Call Money Transactions

As a financial Institution FAS Finance & Investment Limited actively participates in money market on a regular basis and has been dealing both borrowing and lending activities with different banks/financial institutions to manage its liquidity position in an effective way. FAS Finance & Investment Limited also maintains very high standard in money market operation and build up a strong reputation for itself.

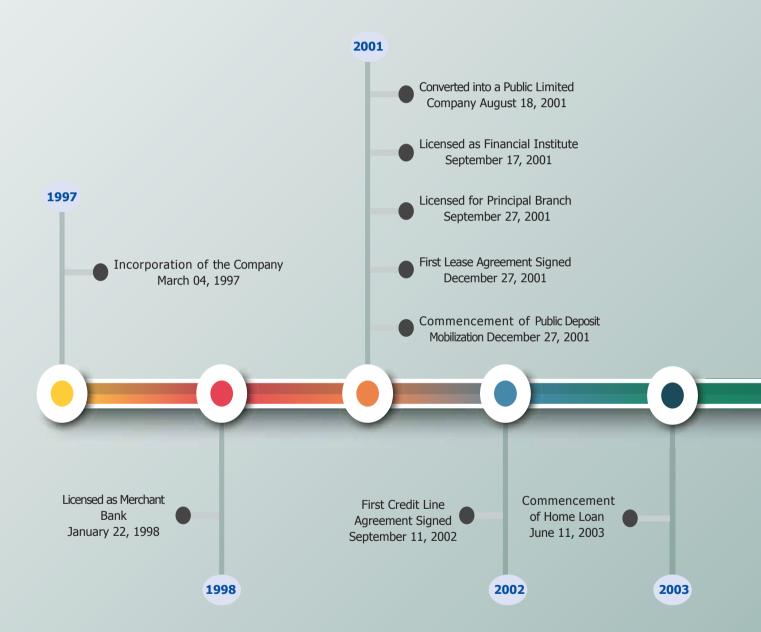

Recovery & Monitoring

As a financial Institution FAS Finance & Investment Limited has a strong team for recovery and monitoring operation. As we are financial service provider to customers, lending is the most important function like deposit collection. We are ensuring our deposit returns properly and timely as per our commitment and to maintain the commitment we need to have the lending return timely, which we have given to our clients as loans and others. For completion of collection function from our clients timely Recovery and Monitoring Department plays a vital role for timely collection of lending amount from the clients timely.

Operational Hub

FAS Finance & Investment Limited provides services through its four offices geographically diversified in the areas namely Dhaka, Chittagong, Sylhet, and Narsingdi.

ICAB National Award 2010 (Merit) in Financial Sector (Non Banking)

INTEGRATED REPORT

Dear Stakeholders,

Assalamu Alaikum

It is indeed a great pleasure for me to be here with you in the 21st Annual General Meeting (AGM) of FAS Finance and Investment Limited. On behalf of the Board of Directors and myself, I would like to express my heartfelt thanks and profound gratitude to all of you for continuous support and guidance in achieving excellence in the performance of the company and to brief you on the events and developments following the close of the financial year 2017.

Years back, we had a bold dream, to become a leading Financial Institution of reference for the corporate segments of Bangladesh. We would be a unique entity with blending of entrepreneurial verve, tactical thinking, and operational excellence and a passionate commitment to success. With a view to achieving the above goal we have taken lots of steps like recruitment of highly experienced & well educated professionals, introduction of new system software, developing new products & services and so on.

The global economy had a modest growth in 2017 and Bangladesh witnessed a healthy GDP growth of 7.28%, making it among the top-performing countries of Asia and the world. While the central bank maintained the historical stable exchange rates, the liquidity position during the year was satisfactory which ultimately reduced the cost of fund for the FIs. There was also the manageable inflation rate, high foreign exchange reserve, good inward remittance flow etc. All this, for next years, eases up the realization of the growth projections.

As you know the market based economy of Bangladesh is the 44th largest in the world in nominal terms and 32nd largest by purchasing power parity; it is classified among the next eleven emerging economics. According to the IMF Bangladesh's GDP growth targeting a 7.65% in 2018 fiscal year. In this year Bangladesh qualified to be graded as a middle income country. In order to cope up with this growth & achievement we have made our plan to sustain by expanding credit facilities to the industries, SME's, agriculture sectors and semi industries with diversified portfolio.

2017 was a challenging year for FFIL as well as for the banking/financial sector of Bangladesh. Challenges included (i) An alarming rise and increase on the number of non performing loan/leases in the overall financial sector;

(ii) Araising trend of deposit and lending rates with the increase of private sector credit; and (iii) Government investment in the infrastructure from local market.

Despite such economic adversities and uncertainty, FFIL was nevertheless able to maintain sustainable business growth and profitability. Some of the highlights of the performance are as follows:

- In 2017 consolidated net profit before tax was Tk. 212.69 million, which is 20.17 percent higher than the previous year. The consolidated net profit after tax was Tk. 142.78 million registering a growth of 56.23 percent over last year.
- The asset size of the company at the end of the year has been BDT 18,335.12 million which is 7.16% higher than that of the last year. FFIL could increase the loan portfolio to BDT 14,020.13 million at the end of 2017 which was BDT 13,841.66 million in 2016.
- The year was proved to be a steady growth in terms of investment portfolio. The overall investment portfolio of the Company increased by 0.94 percent, which was made possible by the relentless efforts of the management. The Board and Management exercised highest level of diligence and scrutiny prior to approving any investment. Like before, I would like to assure in the strongest possible terms that investment growth has not come at the cost of compromise on the asset quality.

We are in a good position to help our customers at the same time we need support from our customers, banks, FI's & other partners for our growth and development.

Recently Mr. Pritish Kumar Sarker, joined FFIL as its new Managing Director & CEO. Before his joining in FFIL he served Southeast Bank Limited as Deputy Managing Director. He brings along with him a wealth of experience and knowledge in banking operations. I am confident that the management of FFIL shall continue to do well under his guidance and leadership.

My appreciation goes to all employees in the FFIL who in their own way, are shaping the Company's future. In particular, I take this opportunity to specifically commend the senior management of the Company for their outstanding efforts exerted during last two months following the expiry of the service contract of our previous Managing Director. The Board of Directors of FFIL believe in good governance, transparency and sustainable growth which seek to protect the long term interests of our stakeholders. Effective engagement with the Shareholders and FFIL's Management is an important part of my role as Chairman. In this respect, I was pleased to meet a number of shareholders at last year's Annual General Meeting (AGM), and look forward to once again meeting many of you at this year's AGM. I am also, of course, available throughout the year to meet our shareholders on an individual basis.

I thank all my colleagues on the esteemed Board of Directors for their continued faith on my leadership and support and guidance over the years. I also thank the senior management of the FFIL who created excellent culture of care and teamwork. My heartfelt thanks to Bangladesh Bank, Bangladesh Securities and Exchange Commission, Dhaka Stock Exchange Limited, Chittagong Stock Exchange Limited and Central Depository Bangladesh Ltd. for their faith, trust and support to do better.

Finally, I thank my Shareholders of the FFIL for their continued support throughout the difficult periods. Your loyalty to FFIL and your guidance and feedback have always powered me with greater zeal in my endeavour to help creating a better institution with a more respectable brand.

With warm regards,

Yours faithfully,

Md. Siddigur Rahman, FCS

Chairman

MESSAGE FROM THE MANAGING DIRECTOR & CEO

Dear Stakeholders,

I am very happy to express my sincere thanks to all of our Honorable Members of the Board for their understanding and support. It was a huge honour for me to have the privilege to lead FFIL. I always had enormous admiration for FFIL – its people, passion, and expertise. So when I was invited to come in and lead this great organization, it was an opportunity not to be missed. I arrived at a time of significant challenge. It is indeed a pleasure for me to place before you the performance of the Company and its subsidiary for the financial year ending 31 December 2017.

The year 2017 was another challenging period for the Non-banking Financial institutions (NBFI). Due to an alarming rise and increase on the number of non performing loan/leases in the overall financial sector during the year the business environment of the country was put at risk. As a result the entrepreneurs were less interested to make new investments which in turn affected the business of NBFI sector and eventually also affected our business growth during fourth quarter of the year.

As a part of the venture to ingrain any financing into the business, FFIL acts as vanguard of catering in fund mobilization. As such, sustainable finance is the yardstick of continuous economic development that magnifying the articulate harmonization and bridge up the economic, social and political milieu to be attained. Our financial sector has been facing stiff competition since last couple of years and NBFI's are still faced plagued by high cost and dearth of fund particularly from the last quarter of 2017, which remains as the main impediment to the loan growth. The credit market has become an impervious battle field and NBFIs swim against the changing ebb. Henceforth, as a safe guard, FFIL venturing its investment bucket by maintaining a balanced mix of well diversified quality portfolio.

FFIL delivered comparatively better results than last year, underpinned by the continued focus on operational efficiencies and delivering a better than expected business. Cost containment and margin improvement remained challenging, especially in light of the continued pressures in increasing trend on deposit rate and sustained lower credit growth. In some cases we had a good growth however, we increased our earnings and we strengthened our financial stability. The consolidated net profit after tax of FFIL rose by 56.23 percent to Tk. 142.77 million. Operating profit increased by 8.05 percent to Tk. 250.83 million in 2017. We have created a sound basis for continued success through constantly increased market presence, innovation and product

diversification, recovery of non-performing loans and consistent efforts for enhancing revenues through cost-efficiency approach across all processes.

FFIL sees the opportunity to build deeper and more personal relationships with the stakeholders. We also see new and better ways to run our business, empower our employees and to compete in the market. In order to improve our business, performances & profitability we are now focusing on the following areas:

- More deposit mobilization by increasing customer/individual deposit base with competitive rate;
- Minimizing cost of fund by increasing low cost deposits and reducing operational expenses;
- Introduction of new-customized system software to render accurate data & speedy services;
- Introduction of customer friendly new products & services;
- Reducing NPL's by cash recovery and regularization of default loans as much as possible;
- Improving all the services by introducing more new products
 & place the FFIL with a good brand image;
- Improvement of recovery position from written off & bad loans;
- Expanding credit facilities to the agro-based industries,
 SME's and other small industries & business.

We value our customer satisfaction and continue our effort to provide them with the required services as per their need. We continued strengthening our operation system for better services delivery to the customers and maintain sustainable growth for the company. Since system development is a continuous process we shall keep continuing the same to increase the productivity of the employees for increased profitability and maintain sustainable growth for the future. FFIL is a customer-centric institution, we are guided by two commitments: to innovate with purpose and execute with speed. By doing so, we will seamlessly deliver personal, connected human experiences and advice to our customers and clients across the country.

We are recruiting experienced & well educated manpower to redesign for better running of the institution. Harnessing the diverse talents and emerging of our people is vital to our continued success. We are consistently building the right culture and developing our people's capabilities to deliver superior value to our clients, shareholders, employees and

Annual Report 2017

the community. We have to face some new challenges ahead like high cost of deposit, introduction of new products and services, maintaining the growth in profit, increasing the deposit base and developing the manpower skills.

Looking ahead, the financial service industry will be further shaped by innovation & disruption. We must be prepared for increasing sophisticated fraud risks as well as involving regulatory landscapes. Customers expectations will continue to rise, just as competition from traditional & non-traditional players influences. FFIL will continue to invest in its business, people and brand to deliver customer-centric experiences and help those we serve feel more confident about their financial future. We will leverage on size and scope to create more value for our customers. FFIL, by successful implementation of all these plans & promises will protect & enrich the stakeholders interest.

I express my sincere thanks to our valued customers for maintaining a good relationship with us, which helps us to achieve a satisfactory performance in 2017. I am grateful to our honourable members of the Board of Directors for their valuable advice, guidance and support extended to the management to achieve the company's goal. I am also grateful to all our shareholders and other stake holders, who helped us to make 2017 another successful year. I take this opportunity to extend my whole hearted appreciation to the management and staff for their commitment and hard work which have resulted in such notable result.

Yours faithfully,

Pritish Kumar Sarker

CONSTITUTION OF BOARD

Board structure of FAS Finance & Investment Limited

Chaired by Mr. Md. Siddiqur Rahman, the Board of Directors determines Company's objectives and supervises their implementation. The operating procedure of the Board is governed by the internal rules and regulations of the Board of Directors. The internal rules and regulations of Board of Directors also define the composition, duties and operating procedures of the Committees established by the Board, which have their own charter of functioning. The Board is assisted by two committees as under:

- Board Audit Committee
- Executive Committee

Board configuration

The Board of FAS Finance & Investment Limited comprises of thirteen members including three Independent Directors. As per BSEC's Notification dated 07 August 2012, a listed company should have al least 5 members but not more than 20 members and should have Independent Director of at least one-fifth of total Directors. As per Articles of Association of the Company the Managing Director is an Ex-officio Director.

Board of Directors of FAS Finance & Investment Limited

The Board of FAS Finance & Investment Limited comprises of total 14 members in the Board where thirteen members are non-executive Directors including three Independent Directors and nine members who are nominated from different companies and one member is the shareholder Director. Managing Director of the Company is the executive Director who involved in the day to day activities of the Company.

Non-Executive Director

There are thirteen Non-executive Directors including three Independent Directors in the Board. None of the Directors takes part in the day to day affairs of the Company. They attend only in the Board/Committee meetings to discuss the agenda reserved for the Board/Committees.

Independent Director on the Board

There are three Independent Directors on the Board. In order for a Director to qualify as an Independent Director, the Board affirmatively determines that the Director has no material relationship with FFIL either as a partner, shareholder or officer of an organization that has a relationship with FFIL that would preclude that nominee from being an

Independent Director, For the purpose of such determination. the Directors consider that the Independent Director does not hold any share or holds less than one percent shares of the total paid up capital of the Company, who is not connected with the Company's Promoters or Directors or Shareholders who holds one percent or more than one percent shares of the total paid up shares of the Company, on the basis of family relationship; who does not have any other relationship, whether pecuniary or otherwise, with the company or its subsidiary/ associate companies, who is not a member, Director or Officer of any Stock Exchange and who is not a shareholder, director or officer of any stock exchange or an intermediary of the capital market. The Independent Director is appointed for a period of three years which may be extended by one term only. A person cannot be appointed as Independent Director who has already been appointed as Independent Director of three listed companies.

Tenure and retirement

As per Companies Act, the office of Non-executive Directors is subject to retirement. At least one-third of the non-executive Directors shall retire by rotation in every Annual General Meeting. The Managing Director is appointed for a minimum period of three years subject to approval of the Central Bank. The office of the Managing Director being an Ex-officio Director is not subject to retirement. The tenure of an Independent Director is three years and may be extended by another three years.

Directors' compensation

Except the Managing Director & CEO, none of the Directors holds any position of profit and receives any remuneration other than the fees for attending the Board/Committee meetings. An amount of Tk. 8,000 is paid to each Director for attending each Board/Committee meeting.

Membership of Board Committee

All the Board Committees are comprised entirely of Non-executive Directors. Membership of Directors in the Board Committees is given in their biographies on pages 30 to 37 of this Annual Report.

Sub-Committee

The Board has two sub-committees namely Board Audit Committee and Executive Committee. The Board Audit Committee comprises of four non-executive Directors. The

Annual Report 2017

Executive Committee comprises of five non-executive Directors. All the Board Committees have a written Charter that describes the Committees' purposes, duties and responsibilities. The Committees roles and responsibilities are available on page 44 of this Annual Report.

Board Meeting

The Board holds at least four regularly scheduled meetings in each year. In the year 2017, the Board met fourteen times to discuss scheduled businesses.

Directors' responsibility

Each Director uses his or her best efforts to attend in all the meetings of the Board and the Board Committees to which such Director is appointed. The Directors are responsible for developing and upgrading FFIL Governance Principles, Code of Business Conduct and the Charter of each Committee on which such Director serves. For review, working papers relating to business to be transacted in the meeting are provided well in advance to the members of Board/Committees.

Communication to Director

Interested parties may communicate with any Director by sending letter to the attention of the Directors in care of the Company Secretary FAS Finance & Investment Limited, Suvastu Imam Square (4th & 5th floor), 65 Gulshan Avenue Gulshan, Dhaka-1212.

CODE OF PRACTICE OF THE BOARD OF DIRECTORS

The Board of Directors of FAS Finance & Investment Limited has adopted the following code of business conduct and ethics for directors of the Company. In addition to complying with the Company's standards of ethics and conduct each Director shall also be responsible for complying with this Director's code.

If any director or officer believes that a prohibited act under this Directors' Code has occurred, then he or she shall promptly report such belief to the Chairman of the Board or Audit Committee. No code or policy can replace the thoughtful behavior of an ethical director.

Directors also must comply with the applicable requirements and restrictions for directors of the Securities and Exchange Commission/ Bangladesh Bank.

Conflict of Interest:

Directors have to avoid any conflict or appearance of any conflict of interest among the Directors and the Company. "Conflicts of interest" can, but are not limited, to occur when:

- □ A Director's personal interest is adverse to may appear to be adverse to the interests of the Company as a whole.
- A Director, or a person closely related to a Director (Director's immediate family spouse, parents, children, siblings, mothers-in-law and fathers-in-law, sons and daughters-in law, brothers and sisters-in-law, and anyone who share such person's home) receives improper personal benefits as a result of his or her position as a Director of the Company.

A Director shall also recluse him or herself from any Company Board decision involving another firm or company with which the director is affiliated.

Other examples of conflicts that directors also must avoid include:

i. Directors may not receive a personal benefit from a person or firm which is seeking to do business or to retain business with the Company, unless such a relationship is fully disclosed by the interested Director and approved by the vote of the Directors disinterested in the transaction;

- ii. Directors may not accept compensation (in any form) for services performed by the Director for the Company from any source other than the Company;
- iii. Directors may not offer, give or receive gifts from persons or entities that deal with the Company in those cases where any such gift is being made in order to influence a Director's action as a member of the Company's Board, or where acceptance of the gifts could create any appearance of a conflict of interest;
- iv. Directors may not use Company assets, labor or information for personal use unless approved by the disinterested directors, or as a part of compensation or expense reimbursement program available to all Directors.

Corporate Opportunities:

Directors owe a duty to the Company to advance its legitimate interests when the opportunity to do so arises. Directors also must not:

- i. Take for themselves or their own Companies or other Companies with which they have a fiduciary relationship any opportunity that is discovered through the use of Company property, Company information or position as a Director; unless such opportunities are fully disclosed by the interested Director and approved by the vote of the disinterested Directors;
- ii. Use the Company's property or information or the Director's position in the Company for personal gain; or
- iii. Compete with the Company for business opportunities. However, if the Company's disinterested Directors determine in advance that the Company will not pursue an opportunity that relates to the Company's business, a Director may then do so.

Confidentiality:

Directors also must maintain the confidentiality of information entrusted to them by the Company and any other non-public information relating to the Company and it's clients that comes to them, from whatever source, in their capacity as a Director, except when disclosure is authorized or legally mandated.

Compliance with Laws, Rules and Regulations:

Directors also must comply with all regulator's laws, rules / regulations applicable to the Company, including insider trading laws and the Company's policies, including the Company's insider trading policy.

Fair Dealing:

Directors also must deal fairly with the Company's customers, suppliers, depositors, shareholders, competitors and employees.

Encouraging the reporting of any illegal or unethical behavior:

Directors should also promote ethical behavior and take steps to ensure the Company:

- Maintains an ethics hotline to answer ethical questions when employees may be in doubt about the best course of action in a particular situation;
- ii. Encourages employees to report violation of laws, rules, regulations or the Company's Code of Ethics and Business Conduct to appropriate personnel;
- iii. Informs employees that the Company will not allow retaliation for reports made in good faith.

Protection and proper use of Company Assets:

All Directors must protect the Company's assets and ensure their efficient use. All Company assets should be used only for legitimate business purposes.

Enforcement:

The Board (or the disinterested members of the Board) will review and investigate any allegation of a breach of this policy by a Director, with or without the participation of any Director who may be the subject of such report.

Any Director who is subject to such an allegation shall be informed of such allegation and be allowed ample opportunity to review the details of such allegation and respond to such allegation to the Board. If the Board determines that any such act represents a violation under the company's standards of ethics and conduct or this Directors' Code, then appropriate action as determined by a majority of the disinterested Directors will be taken and, if applicable, disclosed.

Waivers:

Any waiver of this Directors' code or the Company's standards of ethics and conduct may be made only by the board of Directors and must be disclosed to the Company's shareholders.

The Executive Committee, in fulfilling its purpose, will:

- Guide the Management in achieving the organization's vision/mission;
- Review implementation of the business policy;
- Review the proposals relating to write off loan/leases and recommend to the Board for consideration.

DIRECTORS' REPORT

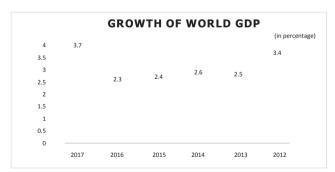

Bismilliahir Rahmanir Rahim

Dear Shareholders, Assalamu Alaikum Wa Rahmatullah

On behalf of the Board of Directors, I am happy to present the 21st Report of the Board of Directors of the Company along with the Financial Statements (which includes Balance Sheet, Profit and Loss Account, Statement of Changes in Equity and Cash Flow Statement) for the year ended December 31, 2017. We have the pleasure to place herewith the Directors' Report and the Auditors' Report together with the Audited Financial Statements of the Company for the year ended December 31, 2017 for your valued consideration, approval and adoption in compliance with the provisions of Section 184 of the Companies Act 1994, Rule 12 (and the schedule there under) of the Securities and Exchange Commission Rules 1987, BSEC Notification on Corporate Governance dated 7th August, 2012 and IAS-1: Presentation of Financial Statements as adopted by The Institute of Chartered Accountants of Bangladesh (ICAB).

World Economy 2017

World economy have experienced a record of 3.7 percent increase in the year 2017 due to several factors such as: accommodative global monetary policy, Chinese economy sustaining high levels and oil prices that are beginning to

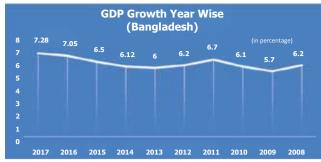

drop. Europe and Japan showed notable strength, and US continued to come in strong. UK made significant progress on the Brexit agreement with EU, and equities continued to perform well, setting new highs. Despite growth predictions, inflation remained weak. US economy continued to come in strong, as the latest employment report showed tight labor conditions. Salaries of non-agricultural sector rose in November, though the unemployment rate stayed put at the 17-year low of 4.1 percent. Eurozone's performance is similar to that seen in the US, especially with recent data indicating growth picking up pace. Purchasing

Managers' Index (PMI) rose to 57.5, showing solid activity across the eurozone. Brexit-related uncertainty also receded as the UK reached an agreement with the EU over Brexit divorce terms, paving the way for negotiations on the trade relationship. In Japan, Shinzo Abe's election victory appears to have coincided with an improving economy, which seems to be seeing its best performance in years, with GDP recording the longest growth streak in decades. In the US, core Consumer Price Index (CPI) inflation stood at 1.8 percentbut did not appear to be gaining momentum, adding that this was confirmed once again in November's wage growth, which despite a tight labor market was not gaining pace. The story was similar in the Eurozone with inflation reaching 0.9 percent in November. Oil prices climbed for the fifth consecutive month in November, and remained above \$60, after recent OPEC agreement. Brent rose to \$63 per barrel in November, up 32 percent from where it was six months ago. The recent agreement, to extend production cuts, reached between OPEC and some non-OPEC provided additional support to prices, though US production growth from Shale oil will continue to weigh on prices in the medium term, the center concluded.

This year has also seen favourable trends in major emerging economies, trends which will continue into the future. China and especially India are still showing robust growth, although the growth of the Chinese economy has been gradually weakening for several years now. India has seen a similar trend, but its economic growth is expected to increase towards 7.5% again in 2018. Both economies are expected to record stable inflation. A figure of 2% is forecasted for China, while a higher level of around 4.5% is projected for India, although this is consistent with its high pace of economic growth. The two other BRIC economies, Russia and Brazil, have performed considerably better this year. Both economies have emerged from the recessions they were suffering from, albeit for different reasons. In 2018, they are expected to record similar growth rates close to 2% (Russia) or slightly above that level (Brazil) at rates of inflation of around 4%.

Overall situation of Bangladesh economy in 2017

For Bangladesh 2017 has been a mixed year of achievements and challenges. Though some macro indicators reflect the positive trends, the overall strength of the economy is weakening due to a number of developments toward the

second half of the year. One of the major achievement of the economy has been a 7.28 percent economic growth in 2017. In this year Bangladesh qualified to be graded as a middle income country from the least developed Country. The year 2018 will be a turning point for Bangladesh in many ways. Additionally, it will continue to implement the sustainable development goals. These will hinge on a number of factors such as accelerated resource mobilisation, higher investment, efficiency in infrastructure implementation, skilled human resources and strong institutional set up.

Economic Growth

The Bangladesh economy has recorded 7.10 percent growth in 2017. The per capita income (gross national income-GNI) of the country has also risen by \$8.0 to \$1610 in the final calculation from that of the provisional estimation of \$1602. The GDP growth at constant price has swelled by 0.14 percentage points to 7.28 per cent in the last FY2017 from 7.11 per cent in the previous FY 2016.

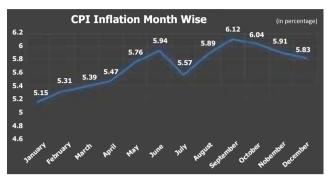

Savings and Investment

Savings rate and resulting investment are very closely related and foreign investors evaluate the purchasing power of the consumers based on these two concepts. The rate of domestic savings and national savings in Bangladesh are 26.06 per cent and 30.30 per cent of GDP in FY 2016-2017 which was 24.98 per cent and 30.77 per cent respectively in the preceding year. The rate of savings in relation to GDP increased 1.08 per cent in the FY 2016-2017. It would have been higher if the rate of inward remittance inflow had increased. On the other hand, the rate of investment in proportion to GDP in Bangladesh rose to 30.27 per cent which was 29.65 per cent in the previous year due to huge development work done by the public sector which accounted for 7.26 per cent of GDP and the lion's share of investment was made by the private sector which is 23.01 per cent in FY 2016-2017.

Inflation

Inflationary trends experienced a consistent upward

throughout FY2017. The annual average inflation in 2017 stood at 5.7 percent. The average general inflation rate in the last fiscal year was 5.52 percent, which was 6.19 percent in fiscal year 2015, 7.00 percent in fiscal year 2014, and 7.54 percent in fiscal year 2013. In the year 2016, the inflation rate came down to lower in a decade.

Foreign Direct Investment (FDI)

Net inflow of foreign direct investment in the country declined by 7.72 per cent in 2017. Net inflow of FDI stood at US\$ 2.15 billion in 2017, down from \$ 2.33 billion a year ago. The gross inflow of FDI was recorded at \$ 2.68 billion in 2017, which was \$2.82 billion in 2016. Divestment and repayment of loans and loss of the current multinational entities have been deducted from the gross inflow of FDI to calculate the net FDI. About 1.28 billion net FDI came as reinvested earnings in 2017. The fresh investment, also known as equity capital, declined to \$ 538.90 million in the past year from \$ 911.38 million in 2016. The telecom sector saw the highest inflows of \$594 million, followed by textile and garment at \$360.35 million and power at \$334.26 million. Last fiscal year, \$701 million flew in from the Singapore, \$314 million from the UK, \$208 million from the US, \$187 million from Norway, \$178 million from South Korea, \$112 million from Hong Kong, \$95 million from India and \$90.04 million from the Netherlands.

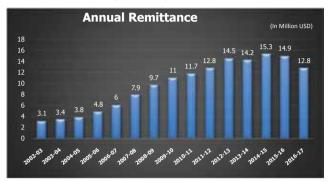

Foreign Exchange Reserve

Bangladesh's foreign exchange reserves rose to \$1.13 billion by the end of December 2017, \$603 million more than the previous month. Where in December 2017, the reserve was \$33.23 billion, which indicates a positive movement of foreign exchange reserve in Bangladesh.

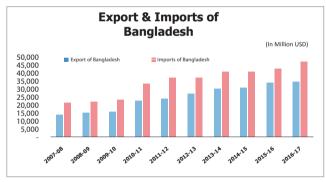

Remittance

Inward remittance in the country increased slightly in the just concluded year as expatriate Bangladeshi's sent 8.65 per cent more money in the year despite the fact that an additional 10 lakh Bangladeshi people got overseas jobs in 2017. Country's remittance inflow fallen by 0.53 percent or US\$72.46 million to \$13.54 billion in the year of 2017 from \$13.61 billion in the previous year.

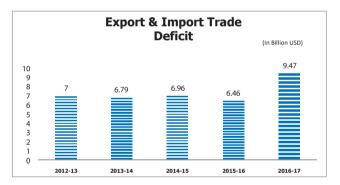

Exports and Imports

Exports rose 7.15 percent year-on-year to \$17.92 billion in the first half of the fiscal year, maintaining the growth momentum largely on the back of garments, jute, jute goods and furniture. Bangladesh also beat the export target for July-December by 0.23 percent. Alone in December, exports receipts stood at \$3.09 billion, up 8.42 percent over the same month in the last fiscal year. The monthly target was,

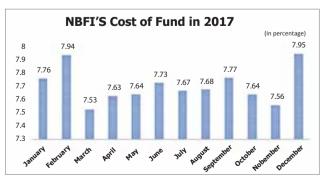

however, missed by 1.84 percent. Garments, which account for more than 80 percent of Bangladesh's total exports, logged in \$14.77 billion in the first six months, up 7.75 percent from the same period a year ago. Knitwear exports went up 11.47 percent year-on-year to \$7.60 billion in July-December while shipment of woven garments rose 4.08 percent to \$7.18 billion. Home textiles brought in \$407.73 million, growing 15.65 percent year-on-year. Exports of leather and leather goods, the second largest export earning sector after garments, fell 1.21 percent year-on-year to \$620.27 million in the period. The segment was dealt a blow by a decline in leather shipment which shed 27.84 percent. Within the same category, exports of leather footwear grew 8.52 percent and leather products 2.81 percent. Export of jute and jute goods, another top earner, jumped 21.48

percent to \$574.06 million. In the category, jute yarn and twine saw their earnings rise 33.31 percent while shipment of raw jute fell 19.83 percent and those of jute sacks and bags decline 6.21 percent. Export of frozen fish, live fish and shrimp increased 7.17 percent to \$312.46 million in the first half of 2017-18. Pharmaceuticals raked in \$50.36 million in July-December, up 11.66 percent compared to that in the same period a year ago. Furniture shipment grew 27.20 percent to \$23.99 million. Agricultural products fetched \$310.36 million, up 19.84 percent during the July-December period last fiscal year. Imports in Bangladesh increased to 352.60 BDT billion in October from 310.76 BDT Billion in September of 2017. Imports in Bangladesh averaged 69.91 BDT billion from 1976 until 2017, reaching an all time high of 352.60 BDT billion in October of 2017 and a record low of 0.57 BDT billion in November of 1976. Bangladesh imports mostly petroleum and oil (11 percent of the total imports); textile (10 percent) and food items (9 percent). Others include: iron and steel (7 percent), edible oil (4 percent), chemicals (4 percent), yarn and plastic and rubber articles (4 percent). In 2017, the trade deficit stood at \$9.47 billion, up 46.62 percent year-on-year. These huge imports put pressure on our foreign exchange and ultimately lead to huge trade deficit.

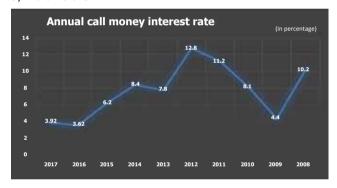

Non Banking Financial Institutions Performance in 2017

Non Banking Financial Institutions (NBFIs) are playing crucial role by providing additional financial services that cannot be usually provided by the banks. The NBFI's, with more multifaceted products and services have taken their place in the competitive financial market to satisfy the changing demands of the customers. At the end of June 2017, assets of NBFI's increased to BDT 755.33 billion. Sector wise composition of NBFI's investments was in industry

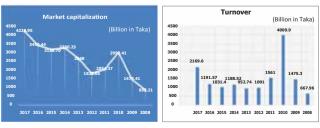

44.21 percent, real estate 17.53 percent, margin loan 2.25 percent, trade and commerce 16.68 percent, merchant banking 4.17 percent, agriculture 2.67 percent and others 12.49 percent. NBFI's total investment in capital market stood at BDT 19.90 billion. Total deposit of NBFI's increased to BDT 418.85 billion. Aggregate liability and equity increased to BDT 777.91 billion and BDT 109.63 billion respectively. In 2017, four instruments have been floated in the market namely BDT 2.45 billion "IDLC Infrastructure and SME Zero Coupon Bond" issued by IDLC Finance Limited; BDT 3.0 billion non-convertible zero coupon bonds issued by Lanka Bangla Finance Limited; BDT 1.0 billion Fixed Rate Nonconvertible Subordinated Bond issued by Reliance Finance Limited and BDT 1.5 billion zero coupon Bond issued by IPDC Finance Limited. The total outstanding of loan/lease was BDT 580.4 billion of which NPL was BDT 52.1 billion (8.97 percent). In 2017 NBFI's average deposit rate was 8.39 percent where advances rate was 11.34 percent, where we have 2.95 percent spread. As on September 2017, total loans of NBFI's was 54,938.05 crore, where SME loans was 9,126.67 crore.

Bangladesh Capital Market in 2017

The outgoing year has been phenomenal for the country's stock investors, as price index of Dhaka Stock Exchange (DSE) saw a sharp rise by 23.98% to 6244 points. As of 28 December 2017, DSEX, the key index of the DSE, ended at 6,244.52 points on the last trading day of 2017, up by 23.98% from 5,036 points on December 29 last year. In the outgoing year, the DSE's average turnover value stood at Tk. 874.83 crore, the highest since the stock market witnessed a crash in 2010. In 2017, the average daily turnover was Tk. 874.84 crore. Meanwhile, the market capitalization increased

by 23.93% to Tk. 422,894 crore, which was Tk. 341,244 crore in the previous year. Active participation of local and

foreign investors and the psychological confidence were the main drivers of the market. During the year, 07 new securities were listed on the DSE, which raised about Tk. 2.19 billion. With the inclusion of the new securities, the total number of listed securities on the DSE stood at 567. The foreign investors have higher exposure now than ever before. Although the secondary market finished higher, the primary market was comparatively dull during the year as the amount of fund raised by the issuer companies hit a six-year low in the year 2017. In 2017, seven companies raised Tk. 2.19 billion from the capital market against that of Tk. 8.49 billion in the previous year.

A statement on the compliance with the conditions is given on pages 68 to 73 of this Annual Report.

Report on the compliance on the guidelines of Bangladesh Bank

Bangladesh Bank has issued guidelines on certain issues for the NBFIs to be complied with. The Board of FAS Finance & Investment Limited confirms that we have complied with all the conditions of the guidelines. A statement on the compliance with the conditions is given on pages 74-76 of this Annual Report.

Certificate from the practicing professional on the compliance of conditions on corporate governance

As a measure of good corporate governance practice, and as required by BSEC, the Company has appointed MRH Dey & Co., Chartered Accountants, 95, Kazi Nazrul Islam Avenue, (2nd Floor), Kawran Bazar, Dhaka to conduct Audit on the compliance status of FAS Finance & Investment Limited as to the conditions on the corporate governance as stipulated in BSEC Notification dated August 7, 2012. The professional firm is required to give a certificate after review on the practices by FAS Finance & Investment Limited. MRH Dey & Co., Chartered Accountants, 95, Kazi Nazrul Islam Avenue, (2nd Floor), Kawran Bazar, Dhaka has given a compliance certificate for the year ended December 31, 2017 which is available on page 67 in the Annual Report. The Report confirms that the Company has complied with all the conditions stipulated in the BSEC Notification on Corporate Governance.

Going Concern

Companies and other entities are experiencing the impact of difficult or uncertain economic conditions in varying degrees. The effects of such economic conditions may be significant

in the area of financial reporting, in particular, the Directors' assessment of the Company's ability to continue as a going concern. Going concern is a fundamental principle underlying the preparation of the financial statements of a listed company. Bangladesh Accounting Standards require Directors to consider whether there are material uncertainties that would lead to significant doubt about a company's ability to continue for foreseeable period. BSEC requires the listed companies to make adequate disclosures in the financial report about the going concern of a listed company. The financial statements of the FAS Finance & Investment Limited have been prepared on a going concern basis. Inmaking this assessment, the Directors have considered a wide range of information relating to present and future conditions covering principal activities, strategic directions and challenges and uncertainties together with a review of the income statement, financial position and risk profile. In addition the Directors have considered the future projections of profitability, cash flows, asset quality, the outcome of various stress tests and capital resources in making their assessment. After assessment, the Directors are satisfied that the Company has adequate resources to continue its operation for the foreseeable future and therefore continue to adopt the going concern basis in preparing the financial statements.

Directors to Retire and Re-Appointment

As per Article 104 of the Articles of Association of the Company, the following Directors will retire in the 21st Annual General Meeting and being eligible offered themselves for reappointment:

- Mr. Md. Zahangir Alam
- Mr. Mohammad A. Hafiz
- Ms. Kazi Mahjaben Momtaz
- Dr. Uddab Mallick
- Mr. Birendra Kumar Shome

The Companies Act, 1994 requires that any Director appointed by the Board since last Annual General Meeting shall retire in the next Annual General Meeting. Accordingly, Mr. Md. Abul Shahjahan, Director; Mr Anjan Kumer Roy, Independent Director and Mr. Pradip Kumar Nandi, Independent Director will retire in the 21st Annual General Meeting and eligible for re-appointment. Full biographical detail of the Company's Directors at the date of this report are given on pages 30 to 37 of this report.

Contribution to National Economy

Since inception FAS Finance engaged in the development of

country's financial and capital market. The Company is constantly emphasizing investment in sectors that contributes to the national economy. FFIL deposits taxes regularly to the National Exchequer by way of collection of income taxes and VAT at sources from payments and also deposits of corporate income taxes. We also encourage our employees to participate in social and charitable programs.

Audit Information

The Directors who held office at the date of this Director's Report confirm that:

- So far as the Directors are aware, there is no relevant audit information of which the company's auditors are unaware; and
- The Directors have taken all the steps that they them selves ought to have taken as Directors in order to make themselves aware of any relevant information and to establish that the Company's Auditors are aware of that information.

Appointment of Auditors

The Company's Auditors M/S. Pinaki & Co., Chartered Accountants, AHSANDELL, 2/A, Mymensingh Road (2nd Floor) Shahbag, Dhaka -1000 will retire in the 21st Annual General Meeting, Being eligible under Section 212 of the Company's Act, 1993, the Auditors have expressed theirwillingness to continue their office for the financial year 2018. The Auditors have completed their second year of audit and hence eligible for re-appointment. In this regard the Audit Committee scrutinized and reviewed their proposals and recommended to the Board to re-appoint M/S. Pinaki & Co., Chartered Accountants as the external auditor of the Company for the year 2018 with an audit fee of BDT 125,000/- plus VAT. The Broad in its meeting held on March 27, 2018 recommended the shareholders to re-appoint M/S. Pinaki & Co., Chartered Accountants at a remuneration of BDT 125,000/- plus VAT for the year 2018 subject to approval of Bangladesh Bank. The Bangladesh Bank has given its consent regarding appointment of external Auditor for the year 2018 vide its letter number DFIM (C) 1054/38/2018-862 dated April 17, 2018.

Future Outlook

2018 is expected to be another challenging year for our economy and FAS Finance & Investment Limited as well. The GDP growth forecast for FY2018 is revised somewhat higher still with the expectation that exports will grow with continued economic recovery in the US and the euro area, strong expansion in remittances will boost consumption demand,

Annual Report 2017

private and public investment will pick up as the business climate improves under a stabilizing political situation, and spending will increase under the annual development program. Export growth in FY-2018 aims to earn \$37.50 billion as economic growth in the euro area and the US strengthens. We are carefully monitoring economic conditions in Bangladesh where we are getting mixed signals from the various economic indicators. On an underlying basis, the business is still growing of course at a slower rate. While the business of capital market is uncertain and volatile in nature, at this stage we are hopping to make progress in 2018. In addition, we recognize a number of more challenges, which includes increased competition, and slow recovery due to adverse investment climate. Because of involvement of banks in leasing business, competitiveness in leasing has been intensified further. Some banks are also offering capital market related products like brokerage services, portfolio management etc. Moreover, Banks are charging higher interest for NBFIs comparing to their other corporate clients. Another big challenge for NBFIs is payment of tax on interest suspense account. High corporate tax on NBFIs is another challenge for us. NBFIs are taxed at the rate of 40 percent (in case of listed companies) and at the rate of 42.5 percent (in case of non listed companies). While financial products and capital market expected to remain dominant in the long run, we expect to see continued growth in demand

for our products and services in the short-run as well, which will require further strengthening our existing services, specially as our clients move into more comfortable operating environment. We have adequate capital and we are quite large in terms of providing a full range of financial services.

Our presence in the market is growing steadily and we have improved our presence in all areas of operations. We have professionals with profound managerial talents and perhaps most importantly, we have a hard earned reputation as one of the top service providers in our industry.

We are confident that we have the right team and the strategy in place to achieve our goal. While there has certainly been a challenging few years for FAS Finance & Investment Limited, we feel good about where we are going.

Acknowledgement

The Directors wish to place on record their appreciation for the co-operation and support received from Bangladesh Bank, Bangladesh Securities and Exchange Commission and Stock Exchanges.

We would like to express our sincere gratitude to all the shareholders for their confidence in the Company. The Board also places on record its appreciation for continued support provided by the esteemed customers, bankers, financial institutions, regulators and depositors. The Directors also acknowledge the hard work, dedication and commitment of the employees. Their enthusiasm and unstinting efforts have enabled the Company to grow better than before. We hope similar support from all of you that will underpin our continuous growth.

On behalf of the Board of Directors,

Md. Siddiqur Rahman, FCS

Chairman

AUDIT COMMITTEE REPORT

Role of Audit Committee

The Audit Committee play a vital role on behalf of the Board of Directors attempts to ensure effective implementation of the processes set out in the business plan and policies. Major role of the Audit Committee is to monitor and review the effectiveness of internal control system. The Audit Committee is also responsible to ensure the integrity of the Financial Statements so that it provides a true and fair view of the state of affairs of the Company. In addition, the Audit Committee reviews and, when appropriate, makes recommendations to the Board on business risks, internal control and compliance. The Committee satisfies itself, by means of suitable steps and appropriate information that proper and satisfactory internal controls systems are in place to identify the risks so that Company's business is conducted in a sound manner.

Purpose of the Audit Committee

The Audit Committee is a sub-committee formed by the Board of Directors of the Company. The Committee will consider the internal control and effectiveness within the organization. Terms of reference of the Audit Committee are fixed by the Board. The main purpose of the Audit Committee is to assist the Board of Directors on the following matters:

- Evaluates performance of the Company's internal control functions;
- Ensures compliance of the Company with legal and regulatory requirements;

- Provides independent monitoring, guidance and, if necessary, to challenge executive Management;
- Performs independent review to ensure control over financial reporting and all other operational matters; and
- Evaluates whether the Financial statements reflect true and fair view of the affairs of the Company and have been prepared as per the regulatory guidelines.

Key functions and responsibilities of the Committee

The key functions and responsibilities of the Committee as outlined in the Charter are to:

 Assist the Board of Directors in its evaluation of the adequacy and efficiency of the internal control systems, accounting

- practices, information systems and auditing processes applied in the day-to-day management of its business;
- Review the implementation of key accounting policies and financial reporting;
- Evaluate the implementation of the internal control systems and the risk management process;
- · Review the adequacy of internal audit function;
- Consider the scope of work and review and approve the annual audit plan and ensure no unjustified restrictions or limitations are made;
- · Review and approve the annual audit report;
- Review the activities, resources and organizational structure of Internal Audit;
- Contribute to the selection process for the appointment of the Head of Internal Audit;
- · Review the scope of work and audit plan;
- · Review Management Letters issued by external Auditors;
- Review the Report on the annual audit of the company;
- Consider the independence of the external auditor and any potential conflicts of interest;
- Review the "Terms of Engagement" of the external auditor;
- Discuss with the external auditor any audit problems encountered in the course of audit work, including any restriction on audit scope or access to information;
- Discuss with the external auditor the appropriateness of the accounting policies applied in the company's financial reports;
- · Report on the conflict of interests;
- Suspected or presumed fraud or irregularity or material defect in the internal control system;
- Suspected infringement of laws, rules and regulations;
- Oversee the financial reporting process;
- Monitor choice of accounting policies and principles;
- Review the annual financial statements before submission to the Board for approval;
- · Review the quarterly and half yearly financial statements;
- Review the statement of significant related party transactions submitted by the management.

Annual Report 2017

The Committee confirms that it regulates its affairs in compliance with its Charter and discharges its responsibilities as contained herein.

Structure of Audit Committee

The Audit Committee of the Company has been formed pursuant to the Bangladesh Bank guideline on Internal Control and Compliance framework vide DFIM circular no 13, dated October 26, 2011 and the Guidelines on Corporate Governance issued by Bangladesh Securities and Exchange Commission (BSEC) dated August 7, 2012. The Audit Committee of the Company comprises of the following members:

| Name | Status with the Committee | Status with the Board |
|------------------------|---------------------------|-----------------------|
| Mr. Anjan Kumer Roy | Chairman | Independent Director |
| Mr. Md. Zahangir Alam | Member | Director |
| Mr. Md. Abul Shahjahan | Member | Director |
| Mr. Pradip Kumar Nandi | Member | Director |

Terms of Reference

The Terms of Reference of the Audit Committee clearly defines the roles and responsibilities of the Audit Committee. The Terms of Reference is reviewed and revised with the concurrence of the Board of Directors. The Audit Committee is responsible to place its point of view before the Board of Directors for kinde persual. Role and functions of the Committee are further regulated by the rules governing the Audit Committee as specified by the 'Conditions on Corporate Governance' issued by the Bangladesh Securities and Exchange Commission and the relevant guidelines issued by Bangladesh Bank.

Internal Audit

The Audit Committee reviews the internal audit plans to satisfy itself about the consistency and coverage of the risk management framework of the Company. The Committee reviews the following activities:

- Review and satisfy itself that the Internal Audit department has the competency and qualifications to maintain its mandates;
- Review the status report from the Internal Audit department and ensure that appropriate actions have been taken to implement its recommendations;
- Recommend any broader review deemed necessary as a consequence of any issues that may have been identified;
- Request and review any special audit when deemed necessary.

External Auditor

Pinaki & Co., Chartered Accounts were appointed as statutory external auditors of the Company at the 20th Annual General Meeting held on June 15, 2017. As a part of ensuring highest level of corporate governance, the Committee prohibits the external auditors from performing any work that they may subsequently need to audit, or which might otherwise create a conflict of interest. The Committee has ascertained that the external auditors of the Company have not been engaged in any one of the following material non-audit services:

- Appraisal or valuation services or fairness opinions;
- Financial information system design and implementation;
- Book-Keeping or other services related to the accounting records or Financial Statements;
- Actuarial services; and
- Internal Audit Services.

Anjan Kumer Roy, FCA

Chairman

Board Audit Committee

STATEMENT OF ETHICS AND COMPLIANCE

Good governance and sound ethical practices are deeply embedded in our culture. We will continue to strengthen our position to remain as a highly-compliant and well-governed financial institution in Bangladesh.

Our Approach

As governance and regulatory requirements in the financial industry continues unabated, financial institutions are coming under intense pressure to implement good governance practices and manage compliance risk while pushing for improvements to the bottom-line. Compliance risk within the FFIL Financial Group is defined as the risk of impairment to the organization's business model, reputation and financial condition from failure to meet laws and regulations, internal policies and the expectations of stakeholders.

The Group upholds the adoption and infusion of good corporate governance principles and best practices as a basic tenet of running and growing its business. The compliance principles remain an important guide for the Group as it continuously evolves to meet the growing demands of compliance best practices.

Compliance Governance

At the apex of Compliance is the Board, which oversees and provides strategic direction for compliance in the Group. The Risk Management Committee is the management committee wherein the Group's state of compliance with laws, regulations, internal policies and procedures is reported.

Monitoring Compliance

Compliance against code of conduct and ethics is embedded in our employment contracts, recruitment and performance management activities. All new employees joining FFIL as well as existing employees are required to read the 'Code of Conduct' and duly sign a statement of compliance attesting that they have read, understood and provided their personal commitment to comply with the applicable laws, regulations and corporate ethics. They will also be held accountable for carrying out compliance responsibilities and acknowledge that ignorance of the rules and regulations outlined in the code cannot be an excuse for Non-compliance. Any breach of this code may lead to disciplinary action. Above all, FFIL practices a reward and recognition program which is designed to reward employees who demonstrate ethical principles and uphold the core values of integrity and

morality in the code of conduct and ethical standard. Such recognition serves to validate the ethical actions of the concerned employees, encourages repeat behavior and helps to create a culture of transparency, accountability and integrity.

Scope of Compliance

The scope of compliance covers the areas of credit, operations, anti-money laundering and terrorist financing (AML/TF), treasury, insurance, financing operations and investment management, including subsidiaries. The Internal Control team was set-up to assist in managing internal control compliance and risk issues. The team also assists in the identification of issues at ground level that may affect compliance and the escalation of the same. This also creates expertise at operational level for compliance processes. Division and Department Heads are continuously engaged to ensure they continue to inculcate compliance awareness and discharge their duties effectively to ensure their respective units comply with regulatory and internal requirements.

Anti-Money Laundering and Terrorist Financing

As one of the forerunners of the Government and Bangladesh Bank initiatives to prevent the financial system from being used for illicit and laundering activities, the Group has established the following processes and infrastructure:

- Accountability of each level of employee for anti-money laundering detection and prevention;
- Education and training in preventing and detecting money laundering; and
- Extensive procedures covering customer identification, account opening, record keeping and recognition and reporting of suspicious transactions.

The AML/TF measures continue to focus on ensuring the effectiveness of reporting by all business and operating units to Compliance Division.

AML/TF self-compliance assessments continue to provide an avenue for the Compliance Division to gauge the understanding of business and operating units on AML/TF and act as tools to enhance future measures. In addition, various learning initiatives are offing to raise awareness among employees on the important role that they play in ensuring the Group does not become a conduit for money laundering.

Board's Commitment

The FFIL Board acknowledges its responsibility for ensuring that the Company's business activities are conducted in accordance with the highest standards of ethics and compliance. The Board views adherence to ethical standards and compliance as an integral part of the broader corporate governance framework and seeks to adopt a holistic approach in ensuring its implementation. As part of this, it has instituted a number of approaches to underline its commitment to high standards of ethical behavior:

- Setting down standards of expected behavior through the formulation and communication of a Code of Conduct.
- Installing a system of internal controls, which is reviewed evaluated and updated on an ongoing basis.

- Positioning Company policies and procedures on ethical foundations to ensure that ethical considerations are integrated in the day-to-day decision-making, activities and processes.
- Establishing a clearly-defined organizational structure that assigns responsibility and authority for the conduct of organizational functions while at the same tie ensuring accountability for individual actions.
- Establishing a variety of monitoring mechanisms including the creation and empowerment of an operationally independent internal audit team with reporting responsibilities to the audit committee.
- Ensuring instant action with zero tolerance for identified instances of unethical and/or non-compliant behavior.

Disclosures under Pillar-III Market Discipline

A) Scope of application Qualitative Disclosures:

(a) The name of the top corporate entity in the group to which this guidelines applies.

FAS Finance & Investment Limited (FFIL)

(b) An outline of differences in the basis of consolidation for accounting and regulatory purposes, with a brief description of the entities within the group (a) that are fully consolidated; (b) that are given a deduction treatment; and (c) that are neither consolidated nor deducted (e.g. where the investment is risk-weighted).

The FFIL has one subsidiary: FAS Capital Management Ltd. which is fully consolidated.

(c) Any restrictions, or other major impediments, on transfer of funds or regulatory capital within the group.

Not applicable.

Quantitative Disclosures:

(d) The aggregate amount of capital deficiencies in all subsidiaries not included in the consolidation that are deducted and the name(s) of such subsidiaries.

Not applicable.

B) Capital structure Qualitative Disclosures

(a)Summary information on the terms and conditions of the main features of all capital instruments, especially in the case of capital instruments eligible for inclusion in Tier 1 or in Tier 2.

Tier 2 capital includes:

- i) General provision up to a limit of 1.25% of Risk Weighted Asset (RWA) for Credit Risk;
- ii) Revaluation reserves:50% Revaluation reserve for fixed assets;45% Revaluation reserve for securities;
- iii) All other preference shares.

Conditions for maintaining regulatory capital:

The calculation of Tier 1 capital, and Tier 2 capital, shall be subject to the following conditions:

- i) The amount of Tier 2 capital will be limited to 100% of the amount of Tier 1 capital.
- ii) 50% of revaluation reserves for fixed assets and 45% of revaluation reserves for securities are eligible for Tier 2 capital.

Quantitative Disclosures:

(b) The amount of Tier 1 capital, with separate disclosure of:

| Particulars | Crore Taka |
|---|------------|
| Paid up capital | 129.07 |
| Non-repayable share premium account | 0.00 |
| Statutory reserve | 18.18 |
| General reserve | 0.03 |
| Retained earnings | 19.29 |
| Minority interest in subsidiaries | 0.68 |
| Non-cumulative irredeemable preference shares | 0.00 |
| Dividend equalization account | 0.00 |
| Total Tier 1 capital | 167.25 |

| (c) The total amount of Tier 2 capital | 28.56 |
|--|--------|
| (d) Other deductions from capital | 0.00 |
| (e) Total eligible capital | 195.81 |

C) Capital Adequacy

Qualitative Disclosures

(a) A summary discussion of the FI's approach to assessing the adequacy of its capital to support current and future activities.

Risk Weighted Assets (RWA) and Capital Adequacy Ratio (CAR)

FFIL has adopted Standardized Approach for computation of Capital Charge for Credit Risk and Market Risk while Basic Indicator Approach for Operational Risk. Total Risk Weighted Assets (RWA) of the Company is determined by multiplying the capital charge for market risk and operational risk by the reciprocal of the minimum capital adequacy ratio and adding the resulting figures to the sum of risk weighted assets for credit risk. Total RWA is then used as denominator while total Eligible Regulatory Capital as on numerator to derive Capital Adequacy Ratio.

Strategy to achieve the required Capital Adequacy:

- Rigorous monitoring of overdue loans to bring those under 90 days overdue
- Financing clients having good rating as per Company's policy Using benefit of credit risk mitigation by taking eligible collaterals against transactions.
- Focusing more to increase the spread on SME loan and thus increasing retained earnings
- Raise fresh capital by issuing bonus share/ right issue.

Ouantitative Disclosures

Amount in crore Taka

| (b) Capital requirement for Credit Risk | 1,665.86 |
|--|----------|
| (c) Capital requirement for Market Risk | 199.38 |
| (d) Capital requirement for Operational Risk | 63.06 |

(e) Total and Tier 1 capital ratio:

For consolidated group

| CAR on Total capital basis (%) | 10.15 |
|---------------------------------|-------|
| CAR on Tier 1 capital basis (%) | 8.67 |

For stand alone

| Tor Staria dioric | |
|---------------------------------|-------|
| CAR on Total capital basis (%) | 10.99 |
| CAR on Tier 1 capital basis (%) | 9.84 |

D) Credit Risk

Qualitative Disclosures

(a) The general qualitative disclosure requirement with respect to credit risk, including:

Definitions of past due and impaired (for accounting purposes)

As per the Bangladesh Bank's Prudential Guideline on Capital Adequacy and Market Discipline for Financial Institutions, the unsecured portion of any claim or exposure (other than claims secured by residential property) that is past due for 90 days or more, net of specific provisions (including partial write-off) will be risk weighted as per risk weights of respective balance sheet exposures. For the purpose of defining the net exposure of the past due loan, eligible financial collateral (if any) may be considered for Credit Risk Mitigation.

Description of approaches followed for specific and general allowances and statistical methods;

General provisions are maintained according to the relevant Bangladesh Bank Guideline and Specific provisions are maintained as per FFIL's internal policy which is much more conservative than Bangladesh Bank Guidelines. Discussion of the FI's credit risk management policy.

Implementation of various strategies to minimize risk:

To encounter and mitigate credit risk, the following control measures are taken place at FFIL:

- Vigorous monitoring and follow up by fully dedicated recovery and collection team
- Strong follow up of compliance of credit policies by appraiser and credit department Taking collateral, performing valuation and legal vetting on the proposed collateral by members of our own dedicated technical and legal department

Seeking legal opinion from external lawyers for any legal issues if required

Regular review of market situation and industry exposures

• Insurance coverage for funded assets.

In addition to the best industry practices for assessing, identifying and measuring risks, FFIL also considers Guideline for Managing Core Risks of Financial Institutions issued by Bangladesh Bank for management of risks.

Separation of Corporate/SME Department & CRM Department

As a structured financial institution FFIL has separate Corporate/SME Financing Department & CRM Department and doing their responsibilities and duties independently. While Corporate/SME Department originates the credit proposal with all formalities & finding, the CRM Department assesses the risk areas and its mitigating factors. CRM Department of the company also place their findings & observations before the relationship manager of the Corporate/SME Department before taking approval from the concerned authority. Corporate/SME Department takes steps immediately according to the recommendation of the CRM Department & places the memo to the EC/Board for approval/decision.

Credit Administration Department

An independent Credit Administration Department is in place, at FFIL, to scrutinize all loans from risk-weighted point of view and assist the management in creating a high quality portfolio and maximize returns from assets. The Credit department assesses credit risks and suggests mitigations and ensures that adequate security documents are in place before sanction of loan and before disbursement of loans.

Recovery and Legal Affairs Department

FFIL has a strong team of recovery & monitoring operation and follow up of court cases. For managing NPL cases the loan files are placed to Recovery & Legal affairs Department to directly monitor, put into action and intensify recovery and settlement drives through dedicated internal recovery officers. In case of need suits are filed in Artho Rin Adalat as well as under NI act to expedite the recovery drive.

Independent Internal Compliance Department

Appropriate internal control measures are in place at FFIL. An Internal Compliance Department has been established to ensure compliance with all internal guidelines, Bangladesh Bank guidelines, operational procedures and adequacy of internal control and documentation procedures.

Credit Evaluation

To mitigate credit risk, FFIL search for credit reports from Credit Information Bureau (CIB) of Bangladesh Bank. The report is scrutinized by Credit Admin Department and Loan Operation Department to understand the liability condition and repayment behavior of the client. Depending on the reports, opinions are taken from the concerned related parties for better understanding about client's credit worthiness.

Credit Approval Process

To ensure both speedy service and mitigation of credit risk, the approval process is maintained through a multilayer system.

Depending on the size of the loan, a multilayer approval system is designed. As smaller loan are very frequent and comparatively less risky, lower sanctioning authority is set to improve processing time and associated risk. Bigger loans require more scrutiny as the associated risk is higher hence sanctioning authority is higher as well.

Early Warning System

Performance of loans is regularly monitored to trigger early warning system to address the loans and advances whose performance show any deteriorating trend. It helps the company to grow its credit portfolio with ultimate objective of protecting the interest of the stakeholders.

Methods used to measure Credit Risk

As per the directives of Bangladesh Bank, 'The Standardize Approach' is applied by the company to measure its Credit Risk.

Quantitative Disclosures

(b) Total gross credit risk exposures broken down by major types of credit exposure.

| Particulars | Crore Taka |
|-------------|------------|
| Loans | 1368.26 |
| Leases | 33.75 |

| Additions | 25.37 |
| Reductions | 0.00 |
| Closing balance | 163.65 |

Movement of specific provisions for NPAs

| Particulars | Crore Taka |
|-----------------|------------|
| Opening balance | 12.44 |
| Additions | 8.24 |
| Reductions | 5.08 |
| Closing balance | 15.60 |

E) Equities: Banking book positions

Qualitative Disclosures

(a) The general qualitative disclosure requirement with respect to equity risk, including:

Differentiation between holdings on which capital gains are expected and those taken under other objectives including for relationship and strategic reasons. Discussion of important policies covering the valuation and accounting of equity holdings in the banking book positions. This includes the accounting techniques and valuation methodologies used, including key assumptions and practices affecting valuation as well as significant changes in these practices.

Quoted shares are valued at cost prices and if the total cost of a particular share is lower than the market value of that particular share, then provision are maintained as per terms and conditions of regulatory authority.

Mutual funds have been valued at 85% of latest published NAV available as on December, 2017. On the other, unquoted share is valued at cost price or book value as per latest audited accounts.

Quantitative Disclosures

(b) Value disclosed in the balance sheet of investments, as well as the fair value of those investments, for quoted securities, a comparison to publicly quoted share values where share price is materially different from fair value.

(Amount in Crore)

| Particulars | Cost Price | Market Price |
|-----------------|------------|--------------|
| Quoted shares | 108.26 | 97.30 |
| Unquoted shares | 2.39 | 2.39 |

Quantitative Disclosures

(c) The cumulative realized gains (losses) arising from sales and liquidations in the reporting period.

| Particulars | Crore Taka |
|------------------------------------|------------|
| Cumulative realized gains (losses) | 9.28 |

(d)

| Total unrealized gains (losses) | 10.96 |
|---|-------|
| Total latent revaluation gains (losses) | - |
| Any amounts of the above included in | - |
| Tier 2 capital. | |

(e) Capital requirements broken down by appropriate equity groupings, consistent with the FI's methodology, as well as the aggregate amounts and the type of equity investments subject to any supervisory provisions regarding regulatory capital requirements.

Specific Risk- Market value of investment in equities is BDT 99.69 crore. Capital Requirement is 10% of the said value which stand to BDT 9.97crore.

General Risk- Market value of investment in equities is BDT 99.69 crore. Capital Requirement is 10% of the said value which stand to BDT 9.97 crore.

F) Interest rate in the banking book

Qualitative Disclosures

(a) The general qualitative disclosure requirement including the nature of interest risk and key assumptions, including assumptions regarding loan prepayments and behavior of non-maturity deposits.

Interest rate risk in the banking book arises from mismatches between the future yield of assets and their funding cost. Assets Liability Committee (ALCO) monitors the interest rate movement on a regular basis.

FFIL measures the interest rate risk by calculating maturity gap between Risk Sensitive Assets (RSA) and Risk Sensitive Liabilities (RSL) i.e. a positive maturity gap affect company's profitability positively with the increment of interest rate and negative maturity gap affects company's profitability adversely with the increment of interest rate

Quantitative Disclosures

(b) The increase (decline) in earning or economic value (or relevant measure used by management) for upward and downward rate shocks according to management's method for measuring interest rate risk broken down by currency (as relevant).

Maturity wise Distribution of Assets-Liabilities

G) Market risk

Qualitative Disclosures

(a) Views of BOD on trading/investment activities

All the Market Risk related policies/guidelines are duly approved by BOD. The BOD sets limit and review and updates the compliance on regular basis aiming to mitigate the Market risk.

Methods used to measure Market risk

Market Risk is the probability of losing assets in balance sheet and off- balance sheet position arising out of volatility in market variables i.e. interest rate, exchange rate and prices of securities. In order to calculate the market risk for trading book purposes the company uses Standardized (rule based) Approach where capital charge for interest rate risk, price and foreign exchange risk is determined separately.

Market Risk Management system Policies and processes for mitigating market risk

A Policy for managing Market Risk has been set out by the Board of Directors of the company where clear instructions has been given on Loan Deposit Ratio, Whole Sale Borrowing Guidelines, Medium Term Funding, Maximum Cumulative Outflow, Liquidity Contingency Plan, Local Regulatory Compliance, Recommendation / Action Plan etc. Treasury manages the Market Risk with the help of Asset Liability Management Committee (ALCO) and Asset Liability Management (ALM) Desk in the following fashion:

Interest Risk Management

Treasury Division reviews the risks of changes in income of the Company as a result of movements in market interest rates. In the normal course of business, FFIL tries to minimize the mismatches between the duration of interest rate sensitive assets and liabilities. Effective Interest Rate Risk Management is done as under:

Market analysis

Market analysis over interest rate movements are reviewed by the Treasury of the company. The type and level of mismatch interest rate risk of the company is managed and monitored from two perspectives, being an economic value perspective and an earning perspective.

GAP analysis

ALCO has established guidelines in line with central Bank's policy for the management of assets and liabilities, monitoring and minimizing interest rate risks at an acceptable level. ALCO in its regular monthly meeting analyzes Interest Rate Sensitivity by computing GAP i.e. the difference between Rate Sensitive Assets and Rate Sensitive Liability and take decision of enhancing or reducing the GAP according to prevailing market situation aiming to mitigate interest rate risk.

Continuous Monitoring

Company's treasury manages and controls day-to-day trading activities under the supervision of ALCO that ensures continuous monitoring of the level of assumed risks.

Equity Risk Management

Equity Risk is the risk of loss due to adverse change in market price of equities held by the Company. Equity Risk is managed by the following fashion:

FFIL minimizes the Equity Risks by Portfolio diversification as per investment policy of the company. The entire portfolio is managed by FFIL Investments Limited.

Quantitative Disclosures

H) Operational Risk:

Qualitative disclosure:

(a)Views of Board on system to reduce Operational Risk

All the policies and guidelines of internal control and compliances are duly approved by the Board. The Board delegates its authority to Executive Committee and to MANCOM members as per company policy of delegation of authority. Audit Committee of the Board directly oversees the activities of internal control and compliance as per good governance quideline issued by Securities and Exchange Commission.

Performance gap of executives and staffs

FFIL's recruitment strategy is based on retaining and attracting the most suitable people at all levels of the business and this is reflected in our objective approach to recruitment and selection. The approach is based on the requirements of the job (both now and in the near future), matching the ability and potential of the individual. Qualification, skills and competency form our basis for nurturing talent. We are proud to state that favorable job responsibilities are increasingly attracting greater participation from different level of employees in the FFIL family. We aim to foster a sense of pride in working for FFIL and to be the employer of choice. As such there exists no performance gap in FFIL.

Potential external events

No such potential external event exists to raise operational risk of FFIL at the time of reporting.

Policies and procedures for mitigating operational risk:

FFIL has also established Internal Control and Compliances Department (ICC) to address operational risk and to frame and implement policies to encounter such risks. ICC assesses operational risk across the Company as a whole and ensures that an appropriate framework exists to identify, assess and mange operational risk.

Approach for calculating capital charge for operational risk:

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. FFIL uses basic indicator approach for calculation capital charge against operational risk i.e. 15% of average positive annual gross income of the company over last three years.

CEO AND CFO'S DECLARATION

In accordance with the notification of Bangladesh Securities and Exchange Commission dated 07, August, 2012 we declare that-

We have reviewed accompanying financial statements of FAS Finance & Investment Limited which comprise the Balance Sheet as at December 31, 2017 Profit and Loss Account, Statement of Changes in Equity, Cash Flow Statement for the year ended December 31, 2017 and notes to the Financial Statements.

These financial statements have been prepared and presented fairly in accordance with Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs), the Financial Institutions Act 1993, the rules and regulations issued by the Bangladesh Bank, the Companies Act 1994 and other applicable laws and regulations.

The Company has taken proper and sufficient care in installing a system of internal control, which is reviewed, evaluated and updated on an ongoing basis. The Internal Control & Compliance Department of the Company conducts periodic audits to provide reasonable assurance that the established policies and procedures of the Company were consistently followed.

Based on the internal control system of the Company and our review of these financial statements, we certify that to the best of our knowledge and belief:

- i) These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
- ii) These statements together present a true and fair view of the company's affairs and are in compliance with existing accounting standards and applicable laws;
- iii) No transactions entered into by the company during the year which are fraudulent, illegal or violation of the company's code of conduct;
- iv) Proper books of account as required by law have been kept by the Company.

Md. Maniruzzaman Akan

VP & Chief Financial Officer

Pritish Kumar SarkerManaging Director & CEO

CHAIRMAN'S STATEMENT ON CORPORATE GOVERNANCE

How we govern ourselves as a Financial Institution is as important as anything else we do. Being an ethical company is about much more than simply adhering to the letter of the law. But it's an important step. We aim to achieve and maintain the highest standards of business integrity, ethics and professionalism across all of our activities.

The Board is accountable to the Company's shareholders for the good conduct of the Group's affairs. This report explains how the Group applies the Corporate Governance issued by the BSEC and Bangladesh Bank.

The Directors are committed to maintaining the highest standards of corporate governance, which they believe are fundamental in discharging their stewardship responsibilities.

The Board confirms that the Company has, throughout the period under review, complied with all provisions set out in corporate governance guidelines.

As part of its commitment to sustainable operations at every level, FAS Finance & Investment Limited operates within a clearly defined governance framework that defines all governance and compliance aspects of the Company.

The Board of Directors strongly believes in the importance of good Corporate Governance in maintaining Company's reputation and solid foundation. The Board will continue to ensure good Corporate Governance to provide the requisite leadership, policy, strategy and internal controls in order to continue to deliver and sustain company's value propositions. This benefits our stakeholders while at the same time ensuring continuing momentum towards reaching FAS Finance & Investment Limited aspirations to be a leading financial institution.

FAS Finance & Investment Limited is committed to the principles of excellence in corporate governance and ethics. This commitment is evidenced by the following practices that are in place at FAS Finance & Investment Limited:

- A Board with all non-executive members being independent of Management;
- Clear separation of the role of the Chairman of the Board and the Managing Director & CEO;

- The Audit Committee and Executive Committee comprises solely of Non-Executive Directors;
- Inclusion of the Independent Directors in the Board Audit Committee;
- An Independent Director is in the Chair of the Audit Committee;
- · A code of ethics and business conduct;
- Maintaining the basic principles of Corporate Governance;
- · Published Charter for the Board and all of its Committees;
- Certification from an independent professional on the compliance of the conditions of BSEC's Notification of 7 August 2012;
- A set of corporate values integrity, trust, teamwork, openness, transparency, excellence and resiliencecommunicated to all employees;
- The members of the Board Audit Committee possesses knowledge on internal control, financial and administrative matters;
- The Audit Committee meets regularly with/without the presence of the Executive Management;
- An established system of internal control with appropriate check and balance;
- Ensure transparency in financial reporting and adequate disclosures.

For FAS Finance & Investment Limited, Corporate Governance is not a mere statement of compliance. We aim to achieve and maintain the highest standards of business integrity, ethics and professionalism across the Group.

We believe that good governance, in its broadest sense, is a competitive advantage. To maximize shareholders' value on a sustainable basis, principles of good governance must extend beyond the Board of Directors into every segment of business activities. Indeed, a foundation of ethics, integrity and good governance guides all of our activities across our diverse operations.

Thank you.

Md. Siddiqur Rahman, FCS

Chairman

CORPORATE GOVERNANCE DISCLOSURE

We believe good governance depends on the exercise of sound, objective and independent judgment by the Board. The Board assesses the independence of Directors against legal and regulatory criteria. All Directors are Independent except for the Managing Director & CEO of the company who is an Ex-officio Director.

Corporate Governance Framework

Our corporate governance policies and procedures form the basis of a sound corporate governance framework and refer to other documents that regulate certain aspects of corporate governance in greater detail.

Articles of Association (AoA): define the purpose of the business, the powers and duties of the Directors and the basic organizational framework.

Code of Conduct: defines the FFIL's ethical values and professional standards that the Board and all employees are required to follow, including an emphasis that employees must adhere to all relevant laws, regulations, and policies in order to maintain and strengthen our reputation for integrity, fair dealing and measured risk taking.

Organizational Guidelines and Regulations: define the responsibilities and sphere of authority of the various bodies within the company, as well as the relevant reporting procedures.

Corporate Governance Guidelines: summarize certain principles promoting the function of the Board and its committees and the effective governance of the company.

Board of Directors Charter: outlines the organization and responsibilities of the Board.

Board Committee Charters: define the organization and responsibilities of the Committees.

As part of its commitment to sustainable operations at every level, FFIL operates within a governance framework that defines all governance and compliance aspects of the organization. This governance framework entails far more than compliance with legislation, and has been developed with the aim of enabling FFIL to attain a number of very clear objectives and goals, which include:

- Maximizing efficiency and profitability within acceptable risk parameters;
- Implementing group's strategy within defined compliance requirements;
- Adhering to correct and proper corporate behaviors;

- Balancing, within a framework of effective accountability, the interests of shareholders and other stakeholders who may be affected by the conduct of directors or executives of the group;
- Minimizing or avoiding conflicts of interest between the business interests of the group and personal interests of directors or executives;
- Disclosing matters that are material to the business of the group or the interests of stakeholders timely and accurately;
- Ensuring efficient and effective functioning of the Risk Management Framework;
- Complying in substance, not just in form, with the provisions of the Code of Corporate Governance and regulations affecting the financial services industry.

Company's Policy on Appointment of Directors

In relation to the selection and appointment of new Directors, the existing Board of Directors possesses the following duties and responsibilities:

- Regularly review the size and composition of the Board and the mix of expertise, skills, experience and perspectives that may be desirable to permit the Board to execute its functions;
- Identify any competencies not adequately represented and agree to the process to be assured that a candidate nominated by the shareholders with those competencies is selected;
- The Directors are appointed by the shareholders in the Annual General Meeting (AGM). Casual vacancies, if any, are filled by the Board in accordance with the stipulations of the Companies Act, 1994, and the Articles of Association of FFIL;
- The Managing Director & CEO is appointed by the Board subject to the consent of the shareholders in the Annual General Meeting (AGM) and approval of Bangladesh Bank;
- Any change in the members of the Board requires intimation to the Bangladesh Bank, all scheduled banks and Financial Institutions (FIs), Bangladesh Securities and Exchange Commission (BSEC) and the Stock Exchanges.

Representation of Non-Executive Directors & Independent Directors

FFIL's Board comprises thirteen (13) Non-Executive Directors (NEDs) including (3) three Independent Directors. (9) nine Directors are nominated by their respective institutions except (1) one Shareholding Director. All the Directors bring forth independent judgment and considerable knowledge to perform their roles effectively. As per Bangladesh Securities and Exchange Commission (BSEC), Notification No. SEC/CMRRCD/2006-158/129/Admin/44, dated 07 August 2012, at least one-fifth of the total directors of the Board shall be Independent Directors. Thus, in compliance with the guideline, three (3) Directors out of the total thirteen (13) Directors are independent, having no share or interest in FFIL. Independence of the respective Independent Directors is confirmed during selection and appointment of the Directors and they remain committed to continue with such independence throughout their tenure.

Separation of Duties between CEO and Chairman

The Chairman of the Board is not the Chief Executive of the Company and are independent of each other, and their roles are autonomous and separate, in accordance with the DFIM Circular No. 07, dated 25.09.2007 and BSEC's Notification dated 07 August, 2012 section 1.4.

Roles and Responsibilities of the Chairman and independence of Non-Executive Directors

Role of the Chairman

The Chairman runs the Board. The Chairman serves as the primary link between the Board and the management and works with the Managing Director and CEO and the Company Secretary to set the agenda for Board meetings. It is the Chairman's responsibility to provide leadership to the Board and ensure that the Board works effectively and discharges its responsibilities as Directors of the Company. The role and responsibilities of the Chairman of the Board is defined and set by the Board. The Chairman's primary role is to ensure that the Board is effective in its task of setting and implementing the Company's direction and strategy. The Chairman is appointed by the Board. The principal features of the role of the Chair comprise the followings:

- · Providing leadership to the Board;
- Taking responsibility for the Board's composition and development;
- Ensuring sufficient provision of information available to the Board;
- Planning and conducting Board meetings effectively;
- Getting all Directors involved in the Board's work;

- Ensuring the Board's focus on key tasks;
- Engaging the Board in assessing and improving its performance;
- · Overseeing the induction and development of Directors;
- Supporting the Managing Director and CEO.

Responsibilities of the Chairman

The Chairman of the Board shall be responsible for the management, development and effective performance of the Board of Directors and provides leadership to the Board for all aspects of the Board's functions. He will:

- Ensure effective operations of the Board and its committees in conformance with the highest standards of corporate governance;
- Ensure effective communication with shareholders, host Governments and other relevant constituencies and ensure that the views of these groups are understood by the Board;
- Set the agenda, style and tone of Board discussions to promote constructive debate and effective decision making;
- Ensure that all Board Committees are properly established, composed and operated;
- Support the Managing Director and CEO in strategy formulation more broadly provide support and give advice;
- Ensure an effective relationship among Directors, acting as the principal conduit for communication and issues relating to business strategy, planned acquisitions and corporate governance;
- Establish a harmonious and open relationship with the Managing Director and CEO;
- Ensure that Board Committees are properly structured and all corporate governance matters are fully addressed;
- Encourage active engagement by all members of the Board.

Independence of Non-Executive Directors

The Non-Executive Directors do not have executive responsibility of running day-to-day affairs of the company; they do not put undue influence in taking operating decision of the company.

Disclosure of Policy on Annual Evaluation of the CEO by the Board

The Board of Directors evaluates the Managing Director and CEO based on the goals set for him considering the company vision and mission at the beginning of each year. The Board does the performance assessment of CEO annually based on the specific targets as set forth in Annual Budget and long term strategic goals. The annual financial budget and other

job objectives are discussed, reviewed and finalized by the Board at the start of each fiscal year. The Board considers both financial and non-financial goals in both short term and long term while setting targets and doing the performance assessment.

Compliance with Corporate Governance Regulation by Bangladesh Bank and Bangladesh Securities and Exchange Commission

In compliance with the conditions of the Corporate Governance Guidelines issued by Bangladesh Securities and Exchange Commission (BSEC) vide their notification no. SEC/CMRRCD/2006-158/134/Admin/44, dated 07 August 2012, MRH Dey & Co., Chartered Accountants examined the compliance with the said conditions of Corporate Governance and certified that FAS Finance & Investment Limited has complied with the conditions of Corporate Governance stipulated in the above mentioned BSEC's notification dated 07 August 2012. The company also provides the compliance checklist as required by Bangladesh Bank.

Communications to Shareholders and Stakeholders

It is the company's policy that all external communication by the Company will:

- Be factual and subject to internal vetting and authorization;
- · Not omit material information;
- Express information in a timely, clear and objective manner.

FFIL strongly believes that all stakeholders should have access to complete information on its activities, performance and product initiatives.

Communication through Quarterly Reports

The company reports to its shareholders four times a year through quarterly and half-yearly reports and a detailed Annual Report.

Communication through AGM

All shareholders have the right to attend the Annual General Meeting (AGM) where they can meet and communicate with the Directors and express their views regarding the Company's business, prospects and other matters of interest. The shareholders are always encouraged to attend the meetings or, if they are unable to attend, appoint proxies in that special cases.

Process of Communicating the Schedule

Send all notices of the Annual General Meeting (AGM)/ Extraordinary General Meeting (EGM) to the Exchange and simultaneously to the shareholders at least 14 days prior to AGM and 21 days prior to EGM. Hard copies of the Annual Report to the shareholders are also sent as least 14 days before the Annual General Meeting. Notice of the AGM is sent to the Dhaka Stock Exchange (DSE), Bangladesh Secu rities and Exchange Commission (BSEC), online newspaper and print media. The notice of the AGM is also made available on the company website.

Communication during the AGM

The shareholders, who attend the AGM, have the option to ask questions and give suggestions to the Board members during the AGM. The Managing Director and CEO, on behalf of the Board, answers the queries of the shareholders.

Communication through Website

The Company's website displays, inter-alia, the Annual Reports, half-yearly reports, quarterly reports, product offerings, recent announcements, presentations and event updates. Price Sensitive Information (PSI) are made publicly available as required by the Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange Limited (DSE) and the Chittagong Stock Exchange Limited (CSE) and the Bangladesh Bank. In addition to ensuring timely compliance, this also enables dissemination of information to all stakeholders and the public through print and online media.

Remuneration of Directors and Senior Managers

Directors are not entitled to any remuneration other than attending the meeting of the Board and its committees. Bangladesh Bank vide its DFIM Circular No.13 dated November 30, 2015, fixed the maximum remuneration limit to BDT 8,000 per attendance. The Board of FFIL complies with the regulation.

Managing Director's remuneration is set by the Central Bank. Remuneration for senior executives is market-based and competitive to attract, motivate and retain skilled and competent employees. The total remuneration package of senior executives comprises basic pay, car benefits, allowances, performance bonus, retirement benefits (Gratuity and Provident Fund) and other benefits as per company's policies.

Code of Ethics and Business Conduct

The Board promotes ethical and responsible decision making. FFIL has in place a Code of Ethics and Business Conduct that is applicable to all its employees to ensure a high standard of ethical and professional conduct is upheld by all its employees in the performance of their duties and responsibilities.

The Code of Ethics enhance the standard of corporate governance and promote ethical conduct with a view to achieving the following objectives:

- to establish a uniform ethical standard emphasizing conduct free from conflicts of interest; and
- to uphold the spirit of corporate responsibility and accountability in line with the governing laws, regulations and guidelines.

CERTIFICATE ON COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE GUIDELINES TO THE SHAREHOLDERS OF FAS FINANCE AND INVESTMENT LIMITED

Introduction:

We have examined the compliances of Corporate Governance requirements by FAS Finance and Investment Limited (FFIL) for the year ended December 31, 2017 as stipulated under clause 7(i) of the Bangladesh Securities & Exchange Commission (BSEC) notification SEC/CMRRCD/2006-158/134/ADMIN/44 dated on 7 August 2012 and SEC/CMRRCD/2006-158/147/Admin/48 dated 21 July 2013.

Scope:

The compliance with the conditions and reporting the status thereof is the responsibility of the management of the Company. Our responsibility is to certify whether the company is in compliance with the said conditions of corporate governance based on our examination which for the purpose of issuing this certificate was limited to the verification of the procedures as adopted by the Management of the Company for ensuring compliance of the conditions of Corporate Governance Guidelines and reporting the implementations status thereof.

Conclusion:

We certify that, to the best of our information and according to the explanations given to us , the company's status on compliance with corporate governance requirements (See Annexure-A) appears to be satisfactory and its report under condition 7(ii) of said notification appropriately reflects the company's compliance with the conditions of Corporate Governance Guidelines of BSEC applicable for listed companies.

Our review for this certification is confined to the aspect for the year ended December 31, 2017; we also state that such compliance is neither an assurance as to the future viability of the company nor a certification on the efficiency or effectiveness which the management has conducted the affairs of the Company.

CREDIT RISK MANAGEMENT (CRM)

Credit Risk Management department plays a vi tal role and acts as backbone of any NBFI by taking effective measures to bring the credit discipline and underpinned to establish corporate governance by ensuring compliance with the more stringent regulatory requirements and mitigating potential risk associated with proposals. FAS Finance and Investment Ltd. (FFIL) has introduced an independent CRM department to address the credit risk properly and triggering to capture the quality portfolio by mixing of both corporate and SME investment bucket. Credit risk management filter the moot problem of risk factor and excavate the problem flawlessly because wrong assessment at any stage can have consequential adverse effect in smooth continuation and create dire impact which leveraging the NPL conundrum in entire loan portfolio. A credit risk is the risk of default on a debt that may arise from a borrower failing to make required payments. In the first resort, the risk is that of the lender and includes lost principal and interest, disruption to cash flows, and increased collection costs. CRM is keeping continuous effort on identifying, measuring, monitoring and mitigating the credit risk in both pre-sanction as well as post sanction stage and the goal of CRM is to maximize an FI's risk adjusted rate of return by maintaining credit risk exposure within acceptable parameters. Bank and NBFIs need to manage the credit risk inherent in the entire portfolio as well as the risk in individual credit or transactions. Credit risk is most simply defined as the potential that a bank borrower or counterparty will fail to meet its obligations in accordance with agreed terms. Banks should also consider the relationships between credit risk and other risks. The effective management of credit risk is a critical component of a comprehensive approach to risk management and essential to the long-term success of any bank & financial institution. While the credit decision is relatively straightforward in principle (a lender must decide whether to give credit or refuse credit to a potential client), in practice it involves experience, judgment and a range of analytic and evaluative techniques that are designed to determine the likelihood that money will be repaid or, equally, that the money will be lost by the credit not being able to repay.

Major Duties and Responsibilities:

Risk management is embedded in the organizational structure, culture, operations, systems and process. Business risks across the Company are addressed in a structured and systematic way through a predefined risk management framework. The Board updates policies to strike a balance between risk and growth. While the Board sets the policies, management is responsible for executing those polices across the organization.

Risk Management Principles

The following principles guide our management of risk:

 Effective balancing of risk and reward by aligning risk appetite with business strategy diversifying risk, pricing appropriately for risk, mitigating risk through preventive controls and transferring risk to third parties.

- Shared responsibility for risk management as business segments are responsible for active management of their risks, with direction and oversight provided by risk management department and other business units.
- Business decisions are based on an understanding of risk as we perform rigorous assessment of risks in relationships, products, transactions and other business activities.
- Avoid activities that are not consistent with our values, code of conduct or policies, which contributes to the protection of our reputation.

- Proper focus on clients reduces our risks by knowing our clients and ensuring that all products and transactions are suitable for, and understood by our clients.
- Use of judgment and common sense in order to manage risk throughout the organization.

In evaluation of credit risk, following areas are considered-

Borrower risk Analysis: The majority shareholders, management team and group or affiliate companies are assessed. Cash flow is the blood line of any business. Revenue generates either in cash based or credit due to nature of any business that refers to the collection, concentration, and disbursement of cash. The goal is to manage the cash balances of an enterprise in such a way as to maximize the availability of cash not invested in fixed assets or inventories and to do so in such a way as to avoid the risk of insolvency. Factors monitored as a part of cash management include a company's level of liquidity, its management of cash balances, and its short-term investment strategies.

Industry risk Analysis: This is another paramount key risk factors of the borrower's rival industry, any issues regarding the borrower's position vis-à-vis rivalry position in the homogeneous industry, overall industry concerns or competitive forces are addressed and the strengths and weaknesses of the borrower relative to its competition, macro environment element, political imbroglio, foreign currency exchange rate etc. should be considered in industry risk.

Supplier/Buyer Analysis: Customer or supplier concentration of borrower is addressed. The demand and supply side, diversification of product, create supply chain, establish distribution network, successor planning, customer base, geographical footprints and outreach capability, established relationship with key suppliers/ key customers lead to stability of supply and demand retain policy, strength of business model to be reflected in proven growth rate of sales/EBITDA/net profit etc.

Historical Financial Analysis: Analysis of minimum 3 years historical financial statements of the borrower is in practice. Business financial statements, the quality and sustainability of earnings, cash flow, leverage, productivity, liquidity, safety cushion against liability, coverage position as well as inventory, receivable and payable position, profitability and the strengths of the borrower's balance sheet are also analyzed.

Projected Financial Performance: projection of the borrower's future financial performance is also made. The financial analysis will judge the sufficiency of cash flow to service debt repayments.

Credit Background: Reflection of credit background in CIB is a major criterion for evaluation.

Account Conduct: For existing borrowers, the historic performance in meeting repayment obligations (trade payments, cheques, interest and principal payments, etc.) is assessed. The main constraints faced by SMEs clients include paucity of freehold land; absence of owned premise, fragmented market, low entry barrier, deficient infrastructure and utility services, weak legal and regulatory framework, inadequate access to finance, lack of skilled workforce, poor business support services, risk associated with potential supply disruption for natural calamity or political imbroglio, import dependency, limited internal fund generation capacity due to weaker bottom-line profitability, weaker retained earnings which limits the growth funding capability of the firm by its own, Limited capacity utilization and further capacity enhancement planning may give rise to external borrowing and hike the leverage position while lower the adequate coverage against increased financial cost. etc.

Mitigating Factors: Mitigating factors for identified risks in the credit assessment are explored. Possible risks include, but are not limited to: margin sustainability and/or volatility, high debt load (leverage/gearing), overstocking or debtor issues; rapid growth, acquisition or expansion; new business line/product expansion; management changes or succession issues; customer or supplier concentrations; and lack of transparency or industry issues.

Facility Structure: The amounts and tenors of proposed credit facilities are justified based on the projected repayment ability and facility purpose as excessive tenor or amount relative to business needs increases the risk of fund diversion and may adversely impact the borrower's repayment ability.

Purpose of Credit: It is required to ensure that the credit is used for the purpose it was borrowed. In case of corporate facilities, where borrower owns group of companies, such diligence becomes more important.

Security: Current valuation of collateral is obtained and the quality and priority of security being proposed are assessed internally and preferably by a third party. Facilities are not granted based solely on security. Adequacy and the extent of

the insurance coverage are also assessed. The entire amount of loan facilities should be covered the value of collateral. Additionally, the guarantors information should scrutiny in subtle way for safety cushion of credit.

Credit Information Bureau (CIB)

Credit Information Bureau (CIB) is an important tool for credit risk management as it helps us to understand the various dimensions of risk involved in different credit transactions. As a part of the venture to ingrain any financing into the business, practices of banks and FIs, to expand the risk management horizon of them, to properly address the link between probabilities of default with the vulnerabilities of entity, CIB (Credit information bureau) report is indispensable. The CIB report is especially useful when lending institutions make decisions regarding individuals and SME's. While lending to large companies, a detailed analysis of the potential borrower's financial standing and payment history is found to be a sufficiently good predictor of the probability of default of those companies. The expert advised that the CIB report helps to reduce the ex-ante cost and time of loan processing and the ex-post rate of default, which encourages banks to report credit information to the CIB database. The CIB was set up in Bangladesh Bank aiming to improve credit risks and reduce the extent of default loan in the country's banking system by providing the participants with timely reports on credit information based on the enquiry/request about the loan applicants so as to facilitate credit risk analysis by the banks/FIs and decide promptly on the loan applications. In practice, banks are usually more willing to lend to clients based on their borrowing capacity and good repayment histories. The goal of CIB is also to ease problems arising between borrowers and lenders. Formal information exchanges help lenders to identify good borrowers, thus reducing the incidence of adverse selection. The practical consequence is better risk management, which enables banks and FIs to avoid risky large loans and increase their lending volume to small and medium-sized enterprises (SME) thus contributing to economic growth, employment generation and poverty alleviation.

Types of Risks:

Liquidity risk:

Liquidity risk is the risk that either does not have sufficient financial resources available to meet our obligations as they fall due, or can only access these financial resources at excessive cost.

Liquidity risk management involves not only analyzing on

and off-balance sheet positions to forecast future cash flows but also how the funding requirement would be met. The later involves identifying the funding market in which an FI has access, understanding the nature of those markets, evaluating FIs current and future use of the market and monitoring signs of confidence erosion.

The formality and sophistication of risk management process established to manage liquidity risk reflect the nature, size and complexity of FFIL's activities. We have a thorough understanding of the factors that could give rise to liquidity risk and put in place the mitigating controls. Our liquidity risk management procedures are comprehensive and holistic. At the minimum, we should cover formulation of overall liquidity strategy, risk identification, measurement, and monitoring and control process.

FFIL have an agreed liquidity strategy for the day-to- day management of liquidity. This strategy addresses FFIL's goal of protecting financial strength and the ability to withstand stressful events in the market.

Operational Risk:

Operational risk comprises of risk of loss inherent in day to day operation of the organization and caused by inadequate or inappropriate internal processes, inadequate or inappropriate systems, absence of right people at right place, mistakes of people whether such mistakes are deliberate, accidental or natural and by any other external reason.

Strategic Risk:

Business needs a comprehensive, well-thought-out business plan. But it's also a fact of life that things change, and the best-laid plans can sometimes come to look very outdated, very quickly.

Strategic Risk Management (SRM) is a process performed by management for identifying, assessing and managing risks and uncertainties, affected by internal and external events, scenarios and risks that could impede the organization's ability to achieve its strategy and strategic objectives.

Compliance Risk:

Compliance risk is exposure to legal penalties, financial forfeiture and material loss an organization faces when it fails to act in accordance with industry laws and regulations, internal policies or prescribed best practices.

Financial Risk:

Financial risk is the possibility that shareholders will lose

FAS Finance & Investment Limited

money when they invest in a company that has debt, if the company's cash flow proves inadequate to meet its financial obligations. When a company uses debt financing, its creditors are repaid before its shareholders if the company becomes insolvent. Financial risk also refers to the possibility of a corporation or government defaulting on its bonds, which would cause those bondholders to lose money.

There are many types of financial risks. The most common ones include credit risk, liquidity risk, asset backed risk, foreign investment risk, equity risk and currency risk.

Credit risk is also referred to as default risk. This type of risk is associated with people who borrowed money and who are unable to pay for the money they borrowed. As such, these people go into default. Investors affected by credit risk suffer from decreased income and lost principal and interest, or they deal with a rise in costs for collection.

Liquidity risk involves securities and assets that cannot be purchased or sold fast enough to cut losses in a volatile market. Asset-backed risk is the risk that asset-backed securities may become volatile if the underlying securities also change in value. The risks under asset-backed risk include prepayment risk and interest rate risk. Changes in prices because of market differences, political changes, natural calamities, diplomatic changes or economic conflicts may cause volatile foreign investment conditions that may expose businesses and individuals to foreign investment risk. Equity risk covers the risk involved in the volatile price changes of shares of stock.

Investors holding foreign currencies are exposed to currency risk because different factors, such as interest rate changes and monetary policy changes, can alter the value of the asset that investors are holding.

Market risk

Market risk can be defined as the potential loss of earnings or economic value due to adverse changes in financial market rates or prices. Our exposure to market risk arises principally from customer-driven transactions. The objective of our market risk policies and processes is to obtain the best balance of risk and return whilst meeting customers' requirements.

The primary categories of market risk are:

 Interest rate risk: arising from changes in yield curves, credit spreads and implied volatilities on interest rate options

- ☐ Currency exchange rate risk: arising from changes in exchange rates and implied volatilities on foreign exchange options
- Commodity price risk: arising from changes in commodity prices and commodity option implied volatilities; covering energy, precious metals, base metals and agriculture
- □ Equity price risk: arising from changes in the prices of equities, equity indices, equity baskets and implied volatilities on related options

Credit Risk Mitigation Managing Problem Credit

Identifying problem credit ahead of time, when there may be more options available for remedial measures is crucial for any financial organization. Once the credit is identified as a problem, it is managed in FFIL under a dedicated remedial process. Our credit risk policies clearly set out how we will manage problem credits. Responsibility for problem credits is assigned to the originating business function, a specialized workout section, or a combination of both, depending upon the size and nature of the credit and the reason for its problems.

A problem credit management process encompasses the following basic elements.

- a. Negotiation & follow up: A proactive effort is taken in dealing with borrowers to implement remedial plans by maintaining frequent contact and internal records of follow-up actions. Rigorous efforts at an early stage may prevent us from litigations and loan losses.
- b. Workout remedial strategies: Sometimes appropriate remedial strategies such as restructuring of the credit facility, enhancement in credit limits, or reduction in interest rates help improve the borrower's repayment capacity. However, it depends upon business conditions, the nature of problems being faced and most importantly the borrower's commitment and willingness to repay the credit. While such remedial strategies often bring up positive results, we exercise great caution in adopting such measures and ensure that such a policy must not encourage borrowers to default intentionally. FFIL's interest should be the primary consideration in case of any such workout plans. Before implementation, the workout plan is always approved by competent authority.
- c. Reviewing collateral and security documents: It is prepon derant to ascertain the credit recoverable amount by updating the values of available collateral with formal valuation. Security documents are also reviewed to ensure

Annual Report 2017

- the completeness as well as enforceability of contracts and collateral/ guarantee.
- d. Status report and review: Problem credits are subject to more frequent review and monitoring. The review should update the status and development of the credit accounts and progress of the remedial plans. Progress made on problem credit is reported to the senior management.

Managing Credit Concentration Risk

Strategies to manage or mitigate the concentration risk may vary. Depending on the current status of the portfolio, we design our short and long term plans to deal with the credit concentration risk. While setting the limits on lending in each group elements, we consider the followings:

- a. Current exposure must be within the prescribed limit set by the regulators (if any);
- b. Credit quality of that group element;
- c. Profitability of that group element;
- d. Current economic trend and prospects as well as risks of that group element; and
- e. Expertise and professionalism to manage that group element.

Depending on such analysis, we set the overall risk appetite for our portfolio. A continuous monitoring on the above issues is in place to assess whether to redefine the strategies.

Credit Risk Transfer (CRT)

Over the last decade, a variety of financial tools have been developed for transferring credit risk between financial institutions. Following are some of the tools used for CRT:

- a. Loan Sale: The simplest CRT mechanism, the loan sale, in which a lender sells all of its obligations and future payments from a commercial loan to a third party.
- b. Syndication: In a typical syndication, the lead arranger and the borrower agree on the terms of the loan, and the lead arranger then assembles a syndicate of lenders. In syndication more lenders participate in financing which reduces the risk of individual lender.
- c. Securitization: Although more widely used for retail lending (such as through residential mortgage-backed securities), securitization is used increasingly for corporate lending. A traditional securitization involves transferring a pool of loans or other debt obligations to a third party, typically a corporate entity established just to own the loan pool, which then issues securities that are claims against the pool's interest and principal payments.
- d. Credit derivatives: These are financial instruments that transfer some or all of the credit risk of an underlying debt obligation or a borrower (or groups of obligations or borrowers) from one party to another without necessarily transferring the underlying asset.

In credit management, it is conventional that proposals of credit facilities must be supported by a complete analysis of the proposed credit. More importance should be given on refund of loans out of funds generated by the borrower from their business activities (cash flow) instead of realization of money by disposing of the securities held against the advance, which is very much uncertain in present context of Bangladesh, where a number of creditors are willful defaulters.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Corporate Social Responsibility (CSR)

Corporate Social Responsibility "CSR" is a corporation's initiatives to assess and take responsibility for the company's effects on environmental and social wellbeing. Corporate Social Responsibility (CSR) being an integral part of the long term sustainable strategy has now emerged as a growing practice. A strong perception has developed in recent years among the management that they need to manage their organizations in a socially responsible way for economic viability and long term sustainability in the competitive market place. CSR practices not only improve our own standards but also affect the socially responsible behaviors of other businesses.

The management believes that successful CSR program cannot be achieved individually. CSR includes the participation of the society, nature and ethics in making strategy that can improve the competitive position of the company. CSR takes care of the interest of all stakeholders rather than that of the

stockholders only. By incurring CSR expenditure, FFIL can strengthen its competitiveness, counter the risk of losing the existing market shares and establish its presence in emerging ones. Instead of thinking CSR as a regulatory or discretionary cost, the management sees it as an investment that brings long-term benefits for the company.

As a part of CSR, in 2017 FFIL distributed blankets among the shivering people of Lalmonirhaat, Dinajpur and Nilphamari in winter season. Senior officials of FFIL along with the local administration distributed about 1,200 blankets which lessened the adversity of people to some extent. Besides, FFIL arranges a motivational program each year for its corporate officials.

The government of Bangladesh has introduced CSR guidelines for organizations to spend a portion of their profit on social activities under certain bindings and FFIL's CSR programmers are guided by those policies.

Sustainability Development Report

CORPORATE FNVIRONMENT

Corporate Environment has an immense impact on FFIL's human resources through knowledge acquisition, job development, training, communication and leading to job satisfaction. In this environment important is placed on effective management, a clear definition of responsibility, straightforward work processes with minimum bureaucracy. In this way FFIL is able to serve its customers at the best helping to achieve their goals.

In order to ensure that our customers are getting the best possible service, we have organized the tenets of its culture into following business principles and these principles are undertaken by all FFIL's operations.

Welcoming change: The business environment is constantly undergoing changes, bringing the company up against new challenges. In order to assist clients in gaining a competitive advantage, we need to keep ourselves abreast of changing business practices and seeks to implement changes ahead of the competition.

Intelligent risk taking: FFIL uses its expertise to advise its clients on the risks they face and enable them to make informed decisions. Up to date information and qualified personnel ensure intelligent risk assessment and decision-making.

Efficient decisions: Effective service to the customers is based on effective and efficient decision-making. This is achieved through the devolution of power and open communication. This also makes for an exciting and highly motivating work environment that attracts talents and qualified candidates.

Long-term relationships: FFIL's main objective is to develop and maintain long-term relationships with its clients. Their needs and interests are made a priority, since their success consequently fuels our success, thus establishing a common goal.

Teamwork: The best results are achieved only when the employees of FFIL and its customers work together as a team. Effective co-operation and proper communication ensure quick and professional service and provides the basis for efficient teamwork.

Identifying opportunities: By identifying opportunities where others see business as usual, FFIL is able to advise its clients effectively and provide them with exceptional choices. We are confident that our employees are able to perform this task by providing customers building their confidence and encouraging their initiative.

Rewarding talent: To ensure that our clients receive superior services, we reward those employees who perform most successfully. Our greatest resource is our employees and it places great emphasis on retaining good employees, that is, those who provide the greatest benefits to our customers.

OUR STAKEHOLDERS

At FFIL, being a stakeholder-centric enterprise, our relationship with our stakeholder ecosystem has a direct and indirect impact on our reputation, our business activities and on our license to operate. Our stakeholders include customers, shareholders, employees, suppliers (of finance and credit), the central bank and other government regulators and the communities and societies in which we operate.

We are proactive in our stakeholder responses in the sense that while our individual teams are responsible to engage with each specific stakeholder group with the emergence of material developments, our centralized stakeholder reporting is supervised by the senior management team. As a Company that is bound by regulatory frameworks, we are also proactive in issuing material notifications to the central bank, regulatory authorities and the exchanges as and when they happen.

Stakeholder Management

Safety of Deposits: As a frontline financial services entity with strong controls and governance standards, we enjoy an unmatched reputation with a robust brand recall of being trusted, credible and dependable.

Timely Loan disbursement: A large number of customers, especially SME clients, require speedy loan disbursals. In this context, we are increasingly leveraging technology and service orientation to deliver industry-leading loan turnaround times.

Ensuring Process Simplification: Fostering a culture in which our customers find it convenient to engage with us, we provide a number of options that eases the customer in securing the loan including near paper-less transactions, minimal visits to our offices as well as the contractual agreement that is easy to read and understand.

Investors

Industry Potential: As a Company that is focused on unlocking the developmental potential of Bangladesh, we are closely linked with the growth prospects of the country. While the nation's population stands at about 165-million with attractive demographics, the penetration of financial services is extremely low, which together represent sustainable and structural growth opportunities. Inspired by our legacy and shareholding structure, as mostly represented by the Design & Source Ltd., Nikita & Co. Ltd., P & L International Ltd., P & L Agro Farms Ltd. & Reptiles Farm Ltd., we are in a

better position to ride the developmental wave that will bring a larger population into the umbrella of formal finance.

Investment Stage of the Company: With the strategic transformation helping financial revival, the Company is still in investment mode, securing IT upgradation and recruiting a large number of resources to drive its business aspirations and growth. However, these investments are made one-time, but will generate sustainable and repeatable benefits in the long-term.

Employees

Well-defined Career Progression Opportunities: With a sustained focus on succession planning, talent development for critical senior management roles and skills development, we constantly provide our employees training opportunities that enable them to progress through their careers. Being a meritocratic organization, we focus on attitude and work ethics above anything else.

Talent Attraction: As an enterprise that is well-known among the country, we are getting hundreds of thousands of applications for job postings. With a well-structured and rigorous screening and selection process, we ensure that we attract the right talent to take forward our corporate goals and aspirations.

Suppliers

Timely Return of Capital: We adhere to our contracts and commitments through the timely disbursement of capital (with interest), which helps us with the smooth access to credit as and when we require it.

Continual Engagement: We continuously engage with our banking channel partners for access to lower-cost credit and for demand projections that strengthens our ability to increasingly balance our assets and liabilities.

Central Bank and other Government Regulators Engagement in Upcoming Regulations: We engage with the regulators to help them draft policies or comment on upcoming guidelines which help in the development of a more vibrant industry.

Inspire Confidence: As a well-established Company with a strong heritage, we inspire the confidence of our regulators in meeting policy requirements and in fostering a culture that places the highest emphasis on governance and transparency.

OUR HUMAN CAPITAL - OUR CORE STRENGTH

Human capital - our core strength

Effective human resource management has proven to be a critical component in the success of a business. FFIL is focused on recruiting the best resources and implementing programs to develop and retain high quality human resources. FFIL continues to implement human resource management policies and practices that are aimed at growing and developing employees and ensuring their active contribution towards the achievement of corporate goals. Effective human resources have also been linked to superior Company performance. FFIL believes that its human resources are sophisticated in building and running the Company. Each and every employee is considered, developed and motivated to contribute optimally towards the achievement of corporate goals.

Our Human Resources Department (HRD) mission

FFIL's HRD is committed to work strategically with diverse business segments in identifying and responding to the evolving business needs. As a strategic business partner, FFIL's HRD creates a work environment that thrives on diversity, high individual and organizational productivity and performance, continuous improvement and exceptional customer service.

We are dedicated to construct an outstanding serviceoriented culture as well as maintain a strong work-life balance. Moreover, by encouraging employee engagement, we foster the spirit of teamwork and collaboration with a strong focus on quality in our day-to-day operations.

Our resources are precious to us

At FFIL, we are powered by talents. We consider our human resources as the most important asset and mobilize people and teams by engaging them in cutting-edge financial industry practices. As an attractive employer, we offer a broad spectrum of opportunities for both professional and personal development as well as encourage a work environment that is characterized by respect, trust, co-operation and collaboration. We do so because the skills and enthusiasm of our employees are a major force that helps us to achieve sustainable results.

The right people in the right place at the right time

While the goal is to provide the best candidate for the Company's needs, it is also important that we place people in the right positions at the right time. This requires us to emphasize on the efficiency of our hiring and staffing processes even as we continue to look for ways to create efficiencies in our hiring methodologies. We also recognize the need to use further analytics in our recruitment efforts to enable us to understand our workforce needs, levels and the effectiveness of our recruitment strategies. The purpose of FFIL's meritbased recruitment and selection process is to ensure that vacancies are filled by the most competent incumbents. FFIL provides equal employment opportunities to all applicants without any bias to race, religion, gender, age, disability or any other criteria permissible by the statutory laws of the country. Recruitment and selection is based solely on job-related criteria. The recruitment and selection process is consistently applied and promotes fairness, diversity and transparency. The process complies with all state laws, regulations and policies.

Performance appraisal

Performance appraisals can benefit employees and organizations by clarifying goals and expectations, and creating an environment of open communication. The best performance appraisals offer positive feedback and advice for improvement and typically consist of a conversation between the management and the employees. FFIL is a performance-driven

Annual Report 2017

Company. Our performance appraisal is the single-most important tool that enables the Company to measure the performance of an individual and plan his/ her career progression accordingly. At FFIL, the sole motive of the performance appraisal system is to maximize efficiency of the Company's objectives with the guidance to achieve each member's career aspirations. The performance appraisal system is fully structured to assess the competency of all full-time employees. This extensive process starts with the circulation of appraisal forms, approved by the management.

Promotion

Promotion opportunities are the life-blood of staffing and retention. Without the proper use of incentives and coaching, employees are likely to refrain from maintaining relationships with a business for an extended period of time. Competitors take the best talent from other companies by offering individuals enhanced pay and benefits. Promotions and bonuses to the personnel help in ensuring that they do not feel the need to leave their employers. At FFIL, promotions signify our management's commitment to recognize and reward outstanding performers. It motivates employees to aspire for advancement opportunities within the Company. It also contributes to employee satisfaction and retention. Employee promotion is made by examining all factors necessary to determine the best qualities and capabilities to fill the position.

HR Committee

FFIL's HR Committee is a forum for the discussion of various HR-related issues of the Company. The main role and function of the Committee is to assist HRD in developing and administering a fair and transparent procedure for setting policies on the overall human resources strategy of the Company.

The Committee's responsibility is to ensure that the Company has a wide scope for equal opportunity and transparency in terms of:

- Suitable recruitment;
- Compensation on the basis of merit, qualification and competence;
- Adequate training and development facilities;
- Performance appraisal and promotions based on individual performance and contribution;
- In addition, the Committee looks into any other benefitsrelated issues regarding the Company's operating results and comparable market statistics.

Fostering a healthy workplace

One of our goals is to move towards a comprehensive approach to creating a healthier workplace. This is in our best interests as individual and the institution as a whole. Employees enjoy favourable working hours so that they can ensure a balance between professional and personal interests. FFIL ensures that the workplace health and safety complies with internal health and safety policies and procedures. It also develops, co-ordinates and implements strategies to prevent workplace injuries and illnesses and sets standards for health and safety training. In this regard, it organizes training on fire fighting and vaccination programs. FFIL covers hospitalization insurance to ensure holistic medical security of its employees and also, group life insurance schemes cover the unforeseen risk of death as well. Moreover, special accidental issues related to the employee and his/ her family members are reviewed by the HR Committee to compensate them in any way possible.

Human Resources Accounting

Human dimension is the key to organization's success. Several initiatives for development of human resources to meet new challenges in the competitive business environment have gained momentum. FFIL acknowledges the value of its human assets who are committed to achieve excellence in all spheres. The Human resource profile given below in table shows that FFIL has a mix of energetic youth and experienced seniors who harmonize the efforts to achieve the company's goals.

| Age | 21-30 | 31-40 | 41-50 | 50> | Total |
|-----------------------|-------|-------|-------|-----|-------|
| No. of employees | 51 | 45 | 10 | 4 | 110 |
| Permanent employees | 19 | 32 | 10 | 3 | 64 |
| Contractual employees | 18 | 11 | - | 1 | 30 |
| Service staff | 14 | 2 | - | - | 16 |
| Average age | | | | | 29.72 |

Objectives and benefits

The aim of HR accounting is to depict the potential of the employees in monetary terms which mainly helps in decision making of ascertaining how much investment the company has made on its employees and how much return it can

expect from this investment. It furnishes cost/value information for making management decision about acquiring, allocating, developing and maintaining human resources in order to attain cost effectiveness. It allows management personnel to monitor and effectively use human resources. And it also provides valuable information to the investors interested in making long term investments in service sectors companies.

Human resource accounting practice in Bangladesh

In Bangladesh the concept of Human Resources Accounting has not yet been introduced as a requirement by any statutory authority or any regulatory bodies. However, as opposed to external financial reporting, managerial reporting does not require adherence to a strict set of globally accepted Accounting Standards in specific financial statements in acceptable format reported to the public.

As a result, disclosure of such information has become voluntary to our business management.

AUDITORS' REPORT TO THE SHAREHOLDERS OF FAS FINANCE & INVESTMENT LIMITED

We have audited the accompanying Financial Statements of FAS FINANCE & INVESTMENT LIMITED and its Subsidiary as well as the separate Financial Statements of FAS FINANCE & INVESTMENT LIMITED which comprise the Consolidated and the separate Balance Sheet as at 31 December 2017, Profit and Loss Account, Cash Flow Statement, Statement of Changes in Shareholders' Equity and Liquidity Statement for the year then ended 31 December 2017 and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these Financial Statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Financial Statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Financial Statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatements of the Financial Statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the Financial Statements along with notes thereon of the company prepared in accordance with Bangladesh Financial Reporting Standards (BFRSs), give a true and fair view of state of the company's affairs as at 31 December 2017, and of the results of its operations and cash flows for the year then ended and comply with the Financial Institutions Act 1993, the Rules and Regulations issued by Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

Matter of Emphasis:

Without qualifying our opinion we draw attention to the matter that inadequate provision on the balance of margin loan (adjusted) was made as per circular no. SEC/CMRRCD/2009-193/196 dated 28 December 2016 and the latest circular number SEC/CMRRCD/2009-193/203 dated 28 December 2017 of Bangladesh Securities and Exchange Commission (BSEC) due to unusual negative balance of collateral security arising out of fall in market value.

We also report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of those books;
- c) The Company's Balance Sheet and Profit and Loss Account dealt with by the report are in agreement with the books of accounts;
- d) The Financial Statements have been drawn up in conformity with the Financial Institutions Act 1993 and in accordance with the Accounting Rules and Regulations issued by the Bangladesh Bank to the extent applicable to the company;
- e) The expenditure incurred and payments made were for the purposes of the company's business;

FAS Finance & Investment Limited

f) Adequate provisions (subject to Note 6.a.i.) have been made for loans and advances, investments and other assets which are, in our opinion, doubtful of recovery;

- g) The company have complied with the relevant laws pertaining to reserves and maintenance of liquid assets;
- h) The information and explanations required by us has been received and found satisfactory;
- i) As far as it was revealed from our test checks, the existing rules and regulations for loan/advance and lease sanctioning and disbursements as well as classification, provisioning and suspension of interest have been followed properly;
- j) Adequate capital of the company, as required by law, has been maintained during the year under audit;
- k) It appeared from our test checks that the internal control system was satisfactory and adequate to prevent probable fraud and forgeries;
- 1) 80 percent of the risk weighted assets have been reviewed spending over 1,350 person hours.

As at and for the year ended 31 December 2017

1.03 Assets and basis of their valuations:

1.03.1 Fixed assets

Fixed assets are capitalized at cost of acquisition and subsequently stated at cost/ valuation less accumulated depreciation in compliance with the Benchmark treatment of BAS-16 "Property, Plant and Equipment". The cost of acquisition of assets comprises purchase price and any direct attributable cost of bringing the assets within the operating condition for its intended use inclusive of inward freight, duties and non-refundable taxes; if any.

1.03.2 Subsequent cost of fixed assets

The cost of replacing a part of an item of fixed assets is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. Maintenance expenses of the fixed assets are recognized in the profit and loss account as incurred.

An item of fixed asset is derecognized on its disposal. The gain/loss arising from de-recognition of an asset is determined as the difference between the net disposal proceeds, if any the carrying amount of the item.

1.03.3 Depreciation on fixed assets

Fixed assets are depreciated based on diminishing balance method at different rates varying from 5% to 20% per annum.

Additions of fixed assets are depreciated when it is available for use at the applicable rates and depreciation is charged up to the date of disposal.

Rates of depreciation applied are shown below:

| Sl. No. | Category of assets | Rate of depreciation |
|---------|------------------------------|----------------------|
| 1 | Office buildings | 5% |
| 2 | Furniture and fixtures | 10% |
| 3 | Office decoration | 10% |
| 4 | Office equipment | 15% |
| 5 | Motor vehicles | 20% |
| 6 | Electrical installation | 15% |
| 7 | Computer | 15% |
| 8 | Telephone line & PABX system | 15% |
| 9 | Software | 15% |

1.03.4 Investment

Investment is carried in Financial Statement at cost. Provision is made for diminishing in value of investment.

1.07.6 Provision for diminution in value of investment in shares and bonds

Provision has been made for diminution in value of investment in shares and bonds.

1.07.7 Interest suspense account

Income outstanding over ninety days is not recognized as revenue rather it is recognized as interest suspense account as per FID circular no. 08, dated 03, August 2002 and FID circular no. 03, dated 03 May 2006 of Bangladesh Bank. Suspended interest is recognized as revenue when it is received.

1.07.8 Liabilities and provisions

All material liabilities and provisions have been included in the financial statements

- (i) When the company has a present obligation, legal or constructive result of a past event;
- (ii) When it is probable that an outflow of resources embodying economic benefits will be required to settle that obligation; and
- (iii) When a reliable estimate can be made of the amount of the obligation.

1.08 Risk management

Risk is defined as the possibility of losses, financial or otherwise. Risk management of the Company covers core risk areas of Companies credit risk, liquidity risk, market risk that includes foreign exchange risk, interest rate risk and equity risk, operational risk and reputation risk arising from operational inefficiencies. The prime objective of the risk management is that the Company evaluates and takes well calculative business risks and thereby safeguarding the Company's capital, its financial resources and profitability from various business risks through its own measures and through implementing Bangladesh Bank's guidelines and following some of the best practices as under:

Credit risk

It arises mainly from lending, trade finance, leasing and treasury businesses. This can be described as potential loss arising from the failure of a counter party to perform as per contractual agreement with the Company. The failure may result from unwillingness of the counter party or decline in his / her financial condition. Therefore, the Company's credit risk management activities have been designed to address all these issues.

The Company has segregated duties of the officers / executives involved in credit related activities. Separate Corporate / SME / Retail divisions have been formed at Head Office which is entrusted with the duties of maintaining effective relationship with customers, marketing of credit products, exploring new business opportunities etc. Moreover, credit approval, administration, monitoring and recovery functions have been segregated. For this purpose, three separate units have been formed within the Credit Risk Management (CRM) Division. These are (a) Credit Risk Management Unit (b) Credit Administration Unit and (c) Credit Monitoring and Recovery Unit. Credit Risk Management Unit is entrusted with the duties of maintaining asset quality, assessing risk in lending, sanctioning credit, formulating policy / strategy for lending operation, etc.

A thorough risk assessment is done before sanction of any credit facility at risk management units. The risk assessment includes borrower risk analysis, financial analysis, industry analysis, historical performance of the customer, security of the credit facility etc. The assessment process starts at the relationship level and ends at Credit Risk Management Unit when it is approved / declined by the competent authority.

As at and for the year ended 31 December 2017

Liquidity risk

The object of liquidity risk management is to ensure that all foreseeable funding commitments and deposit withdrawals can be met when due. To this end, the Company is maintaining a diversified and stable funding base comprising of core retail and corporate deposits and institutional balance. Management of liquidity and funding is carried out by Treasury Department under the leadership of the Chief Financial Officer (CFO) as per approved policy guidelines.

Market risk

The exposure of market risk of the Company is restricted to interest rate risk and equity risk.

Interest rate risk

Interest rate risk may arise either from trading portfolio and non-trading portfolio. The trading portfolio of the Company consists of Government treasury bills and bonds of different maturities. Interest rate risk arises from mismatches between the future yield of an asset and their funding cost.

Portfolio risk

Portfolio risk arises from movement in market value of equities held.

Operational risk

Operational risk may arise from error and fraud due to lack of internal control and compliance. Management through Internal Control and Compliance Division controls operational procedure of the Company. Internal Control and Compliance Division undertakes year call and special audit of the Company for review of the operation and compliance of statutory requirements. The Audit Committee of the Board subsequently reviews the reports of the Internal Control and Compliance Division.

Implementation of BASEL -II

To comply with International Best Practice and to make the Company's Capital more risk-sensitive as well as to build the Financial Industry more shock absorbent and stable, Bangladesh Bank provide revised regulatory capital framework "Risk Based Capital Adequacy" for Company's which is effected from January 2012.

- a. Standardized Approach for calculating Risk weighted Assets (RWA) against Credit Risk;
- b. Standardized (Rule Based) Approach for calculating Risk weighted Assets (RWA) against Market Risk;
- c. Basic Indicator Approach for calculating Risk weighted Assets (RWA) against Operational Risk;

Under the Standard Approach of the Risk Based Capital Adequacy Framework (BASEL-II) credit rating is to be determined on the basis of risk profile assessed by the External Credit Assessment Institutions (ECAIs).

As per CAMD guideline, Financial Institutions should maintain a Capital Adequacy Ratio (CAR) of minimum 10% of Risk Weighted Assets (RWA).

Internal Capital Adequacy Assessment Process (ICAAP)

Internal Capital Adequacy Assessment Process (ICAAP) represents the Company's own assessment of its internal capital requirements. The Company's approach to calculating its own internal capital requirement has been to take the minimum capital required for credit risk, market risk and operational risk under Pillar-I as the starting point, assess whether this is sufficient to cover those risks and then identify other risks (Pillar-II) and assess prudent level of capital to meet them.

The assessment is undertaken using time series of data and Bangladesh Bank's guidelines on Risk Based Capital Adequacy for Company to assess the likelihood of occurrence and potential impact. Purposes of Internal Capital Adequacy Assessment Process are to:

i) inform the Board of Directors about:

- · assessing risks
- initiatives to mitigate identified risks
- capital requirement to support the operations in light of identified risks.

ii) comply with Bangladesh Bank's requirement.

1.09 Statutory reserve

This represents 20% of net profit after tax which is set aside in compliance with clause 6 of the Financial Institution Regulations, 1994.

Both the company and employees are contributing to the fund.

1.10.02 Gratuity fund

The Company extends gratuity benefits to its employees, which is recognized by the National Board of Revenue (NBR) under clause 2(1) of the First Schedule Part-B of the Income tax Ordinance, 1984 of (XXXVI) effective from 25 November 2008. The gratuity is paid on the basis of the last two basic pay and is payable at the rate of two month's basic pay for every completed year of service.

1.11 Earnings per share (BAS -33)

Basic earnings per share

Basic earnings per share have been calculated in accordance with BAS 33 "Earnings per Share" which has been shown on the face of the profit and loss account. This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

In computing the basic earnings per share during the year January 1, 2017 to December 31, 2017, the total number of shares including the said bonus shares has been considered as the weighted average no. of shares outstanding during the year January 1, 2017 to December 31, 2017 as per BAS 33 "Earnings per Share".

1.12 Related party disclosure (BAS -24)

The Company transacts with related parties. Parties are considered to be related if one party has the ability to control the other or exercise significant influence in making the financial and operating decisions.

1.13 Impairment of assets (BAS-36)

The carrying amount of non-financial assets is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated and impairment losses are recognized in profit or loss.

1.14 Cash Reserve Requirements and Statutory Liquidity Requirements

The Company maintains cash reserve requirements and statutory liquidity reserve with the Bangladesh Bank current account as per FID circular no. 06, dated 06 November 2003 and subsequent in FID circular no. 02, dated 10 November 2004 for statutory cash reserve requirements. The Company meets the terms of CRR and SLR in a satisfactory way in accordance with Section-19 of the Financial Institutions Act 1993 and Clause-05 of the Financial Institution Regulations 1994.

1.15 Foreign currency transaction (BAS-21)

Translation in foreign currencies are translated in Bangladesh Taka and recorded at the ruling exchange rates applicable on the date of transaction and in accordance with BAS-21 "The Effects of Changes in Foreign Exchange Rates"

1.16 Events after the reporting period (BAS -10)

As per BAS -10 "Events after the reporting period" Events after the reporting period are those events, favorable and unfavorable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. Two types of events can be identified:

- (a) those that provide evidence of conditions that existed at the end of the reporting period (adjusting events after the reporting period); and
- (b) those that is indicative of conditions that arose after the reporting period (no adjusting events after the reporting period).

There were no materials events have occurred after the reporting period which could affect the values stated in the financial statements.

1.17 General

- a. These financial statements are presented in Taka, which is the Company's functional currency. Figures appearing in these financial statements have been rounded off to the nearest Taka.
- b. Figures of previous year have been rearranged whenever necessary to conform to current year presentation.

As at and for the year ended 31 December 2017

2.3 Statutory deposits

2.3.1 Cash reserve requirement (CRR) and statutory liquidity reserve (SLR)

Cash reserve requirement and statutory liquidity reserve have been calculated and maintained in accordance with Financial Institution Act, 1993 & Financial Institution Regulations 1994 and FID circular number 06 dated November 06, 2003 and FID circular number 02 dated November 10, 2004.

Cash reserve requirement (CRR) has been calculated at the rate of 2.50% on total term deposits which is preserved in current account maintained with Bangladesh Bank. 'Total term deposit' means term or fixed deposit, security deposit against lease/loan and other term deposits, received from individuals and institutions (except banks & financial institutions).

Statutory liquidity reserve (SLR) has been calculated at the rate of 5.00% on total liabilities (except banks & financial institutions), including CRR of 2.50% on total term deposit. SLR is maintained in liquid assets in the form of cash in hand (notes & coin in BDT), balance with Bangladesh Bank and other banks and financial institutions, investment at call, unencumbered treasury bill, prize bond, savings certificate & any other assets approved by Bangladesh Bank.

(a) Cash reserve requirement (CRR)

The Company requires to maintain cash with Bangladesh Bank current account equivalent to 2.50% of Term Deposits other than deposit taken from banks and financial institutions.

| Required reserve | 43,180,246 | 65,037,561 |
|---------------------------|------------|------------|
| Actual reserve maintained | 43,302,267 | 77,136,113 |
| Surplus | 122,021 | 12,098,552 |

(b) Statutory liquidity reserve (SLR)

The Company requires to maintain SLR equivalent to 5.00% of total liability including 2.50% of CRR and excluding loans and deposits taken from banks and financial institutions.

| Required reserve (Including CRR) | 127,913,554 | 175,742,682 |
|---|---------------|---------------|
| Actual reserve maintained (Including CRR) | 2,246,363,682 | 1,794,327,524 |
| Surplus | 2,118,450,128 | 1,618,584,842 |

13.3 Deferred tax

Deferred tax has been calculated based on deductible/taxable temporary difference arising due to difference in the carrying amount of the assets and its tax base in accordance with the provision of Bangladesh Accounting Standard (BAS) 12 "Income Taxes".

Deferred tax liability is arrived at as follows:

| Particulars | Carrying amount at balance sheet | Tax base | (Taxable)/deductible temporary difference | | |
|---|--|------------|---|--|--|
| | Taka | Taka | Taka | | |
| Assets: | | | | | |
| Fixed assets net off depreciation as on December 31, 2017 (Excluding revaluation reserve) | 91,908,644 | 70,635,323 | (21,273,321) | | |
| Total: | 91,908,644 | 70,635,323 | (21,273,321) | | |
| Applicable tax rate | | | 40% | | |
| Deferred tax liability as on December 31, 2017 | | | (8,509,328) | | |
| Deferred tax liability as on December 31, 2016 | | | (7,840,342) | | |
| Deferred tax expenses accounted for during the year | | | (668,986) | | |

Deferred tax asset is arrived at as follows:

| Particulars | Carrying amount at balance sheet | Tax base | (Taxable)/deductible temporary difference |
|---|--|----------|---|
| | Taka | Taka | Taka |
| Liabilities: | | | |
| Employee gratuity as on December 31, 2017 | - | - | - |
| Total: | - | - | - |
| Applicable tax rate for employees' gratuity | | | - |
| Deferred tax asset as on December 31, 2017 | | | - |
| Deferred tax asset as on December 31, 2016 | | | - |
| Deferred tax income accounted for during the year | | | - |
| Net deferred tax expense | | | (668,986) |

FINANCIAL STATEMENTS OF FAS CAPITAL MANAGEMENT LIMITED

AUDITORS' REPORT TO THE SHAREHOLDERS OF FAS CAPITAL MANAGEMENT LIMITED

We have audited the accompanying Financial Statements of **FAS CAPITAL MANAGEMENT LIMITED** which comprise the Statement of Financial Position as at 31 December 2017 and the Statement of Profit or Loss and Other Comprehensive Income, Statement of Cash Flows and Statement of Changes in Equity for the year then ended 31 December 2017 and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these Financial Statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Financial Statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements along with notes thereon of the company prepared in accordance with Bangladesh Financial Reporting Standards (BFRSs), give a true and fair view of state of the company's affairs as at 31 December 2017, and of the results of its operations and cash Flows for the year then ended and comply with the Rules and Regulations issued by Bangladesh Bank, the Companies Act 1994, the Securities and Exchange Rules 1987, and other applicable laws and regulations.

Matter of Emphasis:

Without qualifying our opinion we draw attention to the matter that inadequate provision on the balance of margin loan (adjusted) was made as per circular no. SEC/CMRRCD/2009-193/196 dated 28 December 2016 and the latest circular no. SEC/CMRRCD/2009-193/203 dated 28 December 2017 of Bangladesh Securities and Exchange Commission (BSEC) due to unusual negative balance of collateral security arising out of fall in market value.

FAS Finance & Investment Limited

We also report that:

a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of

our audit and made due verification thereof;

b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination

of those books;

c) The Company's Statement of Financial Position and Statement of Profit or Loss and Other Comprehensive Income dealt with by the

report are in agreement with the books of accounts;

d) The expenditure incurred and payments made were for the purposes of the company's business;

e) The information and explanations required by us has been received and found satisfactory;

f) Adequate provisions (Subject to Note 5.01) have been made for loans and advances, investments and other assets which are, in our

opinion, doubtful of recovery; and

g) The records and statements submitted by the branches have been properly maintained and consolidated in the Financial Statements.

FAS Capital Management Limited **Notes to the Financial Statements**

As at and for the year ended 31 December 2017

01 Significant Accounting Policies and Other Material Information:

a. Legal Form of the Enterprise:

FAS Capital Management Limited is a subsidiary of FAS Finance & Investment Limited, Incorporated in Bangladesh on 13th October 2010 as a Private Limited company under the Companies Act,1994. FAS finance & Investment Limited stared its activity as a Merchant Bank in 1997. The Company (Subsidiary) was incorporated as per instruction of BSEC (Letter No. BSEC/Reg./MD-Policy/Part-VI/2008/286 Dated 26 July 2010) to FAS Capital Management Ltd. to form a separate subsidiary company for Merchant Banking alone within 30th September,2010. Accordingly the then management formed a separate subdiary-Merchant Banking named as FAS Capital Management Ltd. and applied on 26.09.2010 to BSEC in order to transfer the Merchant Banking License in favor of the newly formed subsidiary company. Simultaneously the management of the FAS Finance & Investment Ltd. transferred the entire investor's portfolio amounting Tk.97.20 crore to FAS Capital Management ltd. Since then the FAS Capital Management Ltd. has been working as a full-pledged Merchant Bank with capital of Tk. 25.00 crore.

It may be mentioned here that FCML has received the merchant Banking license from BSEC in its own name on 16.05.2012

b. Nature of Business Activities:

The Main Objectives of the company for which it was established are to carry out the busness of full-pledged merchant banking activities like issue management, portfolio management, Underwriting, corporate advisory services, etc.

N.B. Shareholders attending the meeting in person or by proxy are requested to complete the attendance slip and deposit the same at the registration counter on the day of the meeting.

Notes to Form of Proxy

Summary of the rights of a shareholder to be represented by proxy as contained in Section 85 of the Companies Act, 1994 and notes to the form of proxy.

- 1. Each holder entitled to attend and vote at the Annual General Meeting is entitled to appoint a proxy to attend, participate in, speak and vote or abstain from voting in place of that holder at the Annual General Meeting.
- 2. A proxy appointment must be in writing, dated and signed by the holder appointing the proxy.
- 3. A holder's instructions to the proxy have to be indicated by the insertion of the relevant number of votes exercisable by that holder in the appropriate box provided. Failure to comply with this will be deemed to vote in favour of the ordinary resolutions at the Annual General Meeting.
- 4. A holder or his/her/its/their proxy is not obliged to vote in respect of all the ordinary shares held by such holder or repre sented by such proxy, but the total number of votes for or against the ordinary resolutions and in respect of which any abstention is recorded may not exceed the total number of votes to which the holder or his/her/its/their proxy is entitled.
- 5. Documentary evidence establishing the authority of a person signing this form of proxy in a representative capacity has to be attached to this form of proxy, unless previously recorded by the Company Secretary. Examples of satisfactory identification include a valid National ID card, a valid driving licence or a valid passport.
- 6. Any alterations or corrections to this form of proxy must be initialed by the authorized signatory/signatories.
- 7. The completion and lodging of this form of proxy will not preclude the original shareholder from attending the Annual General Meeting and speaking and voting in person thereat to the exclusion of any proxy appointed in terms hereof, should such holder wish to do so, in which case this proxy will be suspended accordingly.
- 8. Form of Proxy have to be lodged with or posted to the Company Secretary FAS Finance & Investment Limited, Suvastu Imam Square (4th Floor), 65 Gulshan, Avenue Gulshan, Dhaka-1212 before a proxy may exercise any voting rights of a holder at the Annual General Meeting. - 9. Holders attending the Annual General Meeting will be offered the opportunity of putting questions to the Directors and Management.

Investor Relations

Investor Relation and Corporate Communications

Transparent reporting on our operations and performance is the key to the credibility of our public reporting and investor relation's activities. We are therefore committed to keeping the market informed of relevant information, allowing both existing and potential shareholders to evaluate our business, our performance and our prospects. We believe this commitment to communicating with the public not only reinforce investors' understanding of FFIL and its development, but also enhance shareholder value. Our Shareholder Communications Policy is available on our website and is regularly reviewed to ensure its effectiveness.

Stakeholder Engagement

At a broad level, the Company proactively engages with institutional and retail investors as well as media and other interested groups. Our stakeholders have easy access to our Online Annual Report and we revamped our website to better reach to our investors, customers and other stakeholders.

Communication Channels

We believe that the transparency encouraged by active stakeholder engagement builds recognition of our brand and ultimately enhances shareholders value. We facilitate engagement through the following channels:

Financial Reporting

- · Annual and Quarter Reports;
- Online Annual Report;
- · Press releases on business activities.

Shareholder Meetings and Hotlines

- Group and one-on-one meetings;
- Shareholder hotline and e-mail:

Tel: +88 09604-046565

E-mail: investorrelation@fasbd.com

Investor Perception Studies

We consulted investors and analysts for feedback on our group strategy, executive management team, Annual Report and our corporate communications, investor relations and corporate governance issues by way of telephone and one to one discussion.

Introducing our first ever integrated online report

Our HTML-based online annual report offers our stakeholders an alternative format for accessing our annual report with downloadable data in an environmentally friendly manner that a growing number of people find more convenient. This initiative reflects another evolution in the transparency and accessibility of our reporting, which are key to the credibility of our investor relations activities. Advantages of our online report:

- Downloadable financial data tables and other information in spreadsheet format.
- Hyperlinks to key supporting figures, breakdown analyses and further explanations.
- Environmentally-friendly medium.

Company Website

Our corporate website and external communications now complement our intergraded reporting format. Information includes:

- · Profiles of Group's main businesses;
- Board and senior management biographical data;
- · Corporate Governance;
- · Risk Management and CSR;
- · Board Committees' Terms of Reference;
- Financial information
